Mapping Current Projects into Categories by Name

Sources: JPIJs, COT Strategic Projects Listing, IT Plan Summaries, COT Presentations

Includes Statewide Projects and Local Projects

Key:

Category 1: Project cost exceeds $250K 5-year s/w development and operating cost

Category 2: Project is a dependency for a strategic initiative of COT

Category 3: The project has high impact (on customers or court operations)

Category 4: The project is necessary to address architecture targets / cybersecurity vulnerabilities

Project Name	Categories
