MVD ACCEPTABLE VIOLATION CODE TABLE (AVCT)

NOTES ABOUT THE USE OF THIS TABLE

- **This table only contains violations that are reportable to the Arizona Motor Vehicle Division (MVD).** It is not a comprehensive list of all citable violations in the Arizona Revised Statutes under Titles 4, 13 and 28.
- Each violation has a general brief description of the offense as determined by MVD.
- The column “**NRVC/ ACD CODE**” is used to determine if the violation is Non-Resident Violator Compact (NRVC) reportable. A “Y” in the column indicates that the violation may be reported to MVD when the person fails to comply. Those courts that report manually to MVD on the “Terms of Citation” “Non-Resident Violator Compact” form (# 46-0509) must include the ACD code on the form. The ACD code is located to the right of the “Y” in the column. (The ACD code is from the American Association of Motor Vehicle Administrators (AAMVA) Code Directory. These codes are used to define the type of offense by all states.)
- The “**OFFENSE**” column indicates whether the violation is considered by MVD to be C (Criminal), V (Civil) or B (Both).
- The “**POINTS**” column indicates the amount of points assessed on the person’s driving record. These points are used to determine Traffic Survival School assignments or possible suspensions.
- **Only** violations under **Title 28** are reportable for failure to appear using disposition codes 56, 57 or 58. (A.R.S. § 28-3308) *Disposition codes 56, 57 or 58 cannot be used with violations from Title 4, 8 or 13.*

REPORTING CIVIL AND CRIMINAL TRAFFIC VIOLATIONS

REPORTING CIVIL AND CRIMINAL TRAFFIC VIOLATIONS TO MVD

The following information is given to provide guidelines for courts to report to the Motor Vehicle Division civil and criminal traffic convictions, appeals, dismissals, set-asides and failures to appear or pay.

Authority:

- **A.R.S. § 28-1441**

Mandates that all records regarding the disposition of cases in which a person is charged with a violation of sections A.R.S. §§ 28-1381, 28-1382, or 28-1383 shall be maintained by the court and made accessible to the general public.

- **A.R.S. § 28-1559**

Mandates that every court shall forward to MVD convictions of judgments against a person for violations of any law regulating the operation of a motor vehicle, other than regulations governing standing or parking.

Mandates that the court shall forward the abstract of conviction to MVD **within 10 days after the conviction, judgment or forfeiture of bail or deposit.**

Mandates that the court shall forward to MVD an abstract of conviction, judgment or forfeiture of bail or deposit of a person upon a charge of violating any provision of chapter(s) 3 or 4 **or** any other law regulating the operation of vehicles except illegal standing or parking.

- **A.R.S. § 28-3303**

Authorizes MVD to accept convictions that are reported by a court of the United States government or a Tribal court.

****VERY IMPORTANT****

Using the Same Complaint Numbers and Counts

What counts to use?

When sending any manual citation or abstract, the complaint number and the count must be the same as what you enter on your case management system.

Example: If law enforcement provides a Traffic Ticket Complaint Form (compliant # 180835) that has numeric counts of 1, 2, 3, 4, and 5 and you enter the complaint numbers as 180835A, 180835B, 180835C etc., any future reference to those complaint numbers as reported to MVD **MUST** have the counts of A, B, C, D or E and **NOT** 1, 2, 3, 4 or 5.

REMEMBER.....WHATEVER MVD RECEIVES/ENTERS ON MVD'S DATABASE, IS WHAT MUST BE REFERENCED FOR ANY FUTURE CHANGES! If you are not sure what complaint number and count is on MVD's system, call Technical Support.

Amending charges manually or electronically.

If you have initially reported a charge to MVD with a specific violation code and circumstances arise where the violation code needs to be changed for that charge, you need to follow these steps to amend the original charge. First, you would report a disposition code 67 for the original charge to MVD **using the same complaint number and count** as when the original charge was first reported. Second, you would report to MVD the new violation code with a sequence number "2" (place a 2 in the Seq field). This allows the MVD system to recognize that this is a new violation code for the same complaint number and count. Also, if the update to the original charge rejects as an error, the new violation code with sequence number 2 will also reject as an error.

It is very important that the same complaint number and count are used when amending a charge!

Problems that arise when the same complaint number and count are not used:

- An additional violation is created that will not have the same disposition codes associated with it as was initially intended by the court.
- Disposition updates will not be applied to the correct violation.
- Unintended suspensions and other penalties are likely to generate due to two separate violations and two separate dispositions created when the same complaint numbers and counts are not used.

GENERAL REPORTING REQUIREMENTS

METHODS OF REPORTING

Certified copies:

- MVD court abstract, form # 46-0117(include all required information listed below.)
- MVD copy of multiple charge citation
- Certified Judgment or Certified letter from the court (include all required information listed below.)

Electronic Transmission (AZTEC)

INFORMATION REQUIRED FOR REPORTING

Person's name

Person's date of birth

Person's driver license or identification license number

- Complaint number (include alpha or numeric character in the complaint number from the multiple charge citation)
- Violation date
- Violation code (include the appropriate subsections; see Acceptable Violation Code Table)
- Disposition code
- Disposition date (every disposition reported must have an accompanying disposition date)
- Court name and/or court identification number

REPORTING DISPOSITIONS

(Convictions, First-time dismissals and Judgments of Not Guilty, Failure to Appear/Pay, Court Set-Aside, Amending Violation Codes and Appeal of Convictions.)

Reportable Violations

- All violations/actions listed on the Acceptable Violation Code Table (AVCT) are to be reported/ transmitted to MVD.
- Final judgment/conviction from which a defendant has exhausted the right to appeal shall be reported to MVD as a disposition code 10 through 22, **ten days from date of final disposition.**

First-time Dismissals and Judgments of Not Guilty

- The court shall report all dismissals and judgments of not guilty for violations of A.R.S. § 28-1381, 28-1382, 28-1383 and all subsections.

DO NOT report for example:

Dismissals due to a diversion program, such as driving school.
Parking violations (by statute or local ordinance)

Failure to Pay Civil Sanction / Disposition Code 55 (Does not apply to NRVC violations. See NRVC procedures)

- Failure to pay civil sanction: 30 days have elapsed from the final disposition date, entire sanction declared due, suspension of driving privileges ordered. Report failure to pay civil sanction as a disposition code 55.
- Defendant subsequently satisfies judgment/sanction: Report as a final disposition code 10 through 22
There is no statutory authority for MVD to suspend a driver for nonpayment of a criminal sanction.

Failure to Appear /Criminal Traffic Violation / Disposition Code 56 (*This code only applies to Title 28 violations. Disposition Code 56 cannot be used with Title 4, 5 or 8 violations.*)

- Failure to appear; warrant issued: Failure to appear should be reported as a disposition code 56. *MVD does not store warrant information anymore.*
- Defendant subsequently appears: Report Disposition Code 60 (Criminal Failure to appear satisfied), plus final disposition code, if available.

EXAMPLE:

<u>Violation</u>	<u>Dispo</u>	<u>Dispo Date</u>
28-3473A	60/11	2-3-01/3-1-01

Failure to Appear /Criminal Traffic Violation / Disposition Code 57 (*This code only applies to Title 28 violations. Disposition Code 57 cannot be used with Title 4, 5 or 8 violations.*)

Defendant failed to appear in court, no warrant of arrest issued: Report as a disposition code 57.

Defendant subsequently appears: Report as final disposition code 10 through 45.

Failure to Appear /Civil Traffic Violation / Disposition Code 58 (*This code only applies to Title 28 violations. Disposition Code 58 cannot be used with Title 4, 5 or 8 violations.*)

Defendant failed to appear, default judgment entered and suspension of operating privileges ordered: Report judgment to MVD within ten days from date of disposition code 58.

Defendant subsequently appears: Report to MVD as a final disposition code 10 through 22.

Effective January 1, 2009, you will be able to use a disposition sequence of 58/11/55. There will no longer be a need to use either 59 or 00 disposition codes to go from a disposition code of 58 to an 11 to a 55.

Court ordered Set-Aside / Disposition Code 59 and 76

- Report decision to set-aside conviction of traffic complaint suspension with a disposition code 59.

Disposition code 59 voids any withdrawal action entered as a result of the citation/conviction; any points assessed are also removed.

- Court ordered set-aside pursuant to A.R.S. § 13-907 is used to set-aside judgment or guilt not the conviction. Report set-aside judgment pursuant to A.R.S. § 13-907 by using disposition code 76 sent to MVD either manually or electronically.

Disposition code 76 will show the conviction on public records with a notation of "Set-aside per 13-907. The violation can still be used for any future litigation unlike a disposition code 59.

Amending Violation Codes / Disposition Code 67

When the court has amended the original violation code: Report original charge with disposition code 67. On the same abstract, notate the new charge with final disposition code 10 through 22.

EXAMPLE:

<u>Violation</u>	<u>Dispo</u>	<u>Dispo Date</u>
28-1381A1/28-693A	67/11	02-03-01/02-03-01

The use of disposition code 67 is not necessary when the court or law enforcement corrects a violation code originally reported in error. (i.e.: violation originally reported as 28-645A when it should have been 28-645A1)

Appeal of Conviction / Disposition Code 70

A notice of appeal reported as a disposition code 70 is to be sent from the originating court of conviction prior to transferring the case to the court hearing the appeal.

The disposition code 70 stays the conviction action until the outcome of the appeals decision, except for aggravated DUI violations (281383).

Defendant is subsequently heard on the Appeal

If the case is finalized at the first appeal level, the court in which the appeal was heard reports the disposition within ten days from the final outcome of the case.

If the appeal is remanded, the lower court reports the disposition within ten days from the final outcome of the case.

The court should not send in a final disposition for a case on appeal until the appeals process is exhausted or the case is finalized.

REPORTING ALLEGED PRIORS (Mandatory Insurance)

If the court is sentencing under the authority of a statute, which is based upon a second or subsequent conviction, the alleged priors shall be reported on a court abstract, if available.

FEDERAL CONVICTIONS – GENERAL REPORTING REQUIREMENTS

Court actions listed on the Acceptable Violation Code table are reported/sent to MVD

All final judgments/convictions from which a defendant has exhausted the right to appeal shall be reported to MVD.

First-time Dismissals and Judgments of Not Guilty

The court shall report all dismissals and judgments of not guilty for violations of U.S. Code 4.23 only.

The defendant has appealed the conviction

A notice of appeal is sent in from the originating court of conviction prior to transferring the case to the court hearing the appeal.

Defendant is subsequently heard on the Appeal

If the case is finalized at the first appeals level, the court in which the appeal was heard reports the disposition within ten days from the final outcome of the case.

The court should not send in a final disposition for a case on appeal until the appeals process is exhausted or the case is finalized.

Amending the Violation Codes / Types: *(court has amended the original violation code)*

On a copy of the conviction notice, notate the amended charge with the final disposition code and send to MVD.

NON-RESIDENT VIOLATOR COMPACT (NRVC) INFORMATION

NRVC (Non-Resident Violator Compact)

- Arizona Revised Statutes, Title 28, Chapter 6, Article 4
- The purpose for the NRVC is to insure that non-residents and residents comply with the terms of the citations when cited in any member state.
- Violations Accepted: Standard Moving Violations that DO NOT Carry Mandatory Court Appearance.
Note: the MVD Acceptable Violation Code Table indicates which violations are NRVC reportable.
- NRVC violations can only be reported within the first six months of the violation date. This does not apply to CDL drivers.
- **For CDL drivers only! Effective September 23, 2007, there will be no time limit from the date of the violation.**
- Use disposition code “54” for failure to comply.
- States **NOT** a part of NRVC:
 - ALASKA
 - CALIFORNIA
 - MICHIGAN
 - MONTANA
 - OREGON
 - WISCONSIN

Note: NRVC forms (# 46-0509) can be ordered by calling the MVD Distribution Center at (602) 712-7306.

Steps for processing NRVC Violations

For manual reporting courts

- If defendant fails to comply with the terms of citation and the state in which they are licensed is an NRVC state then:
 - Mail copy 1 “Failure to Comply” (Defendant’s Notice) to defendant.
- If defendant responds with payment within 14 days:
 - Discard copies 2 and 4, (Home Jurisdiction copies).
 - Complete receipt portion of copy 3 (Defendant’s Receipt) and mail to defendant.
- If defendant fails to respond and no payment received within 14 days:
 - The court has 10 days to mail copy 2 “Suspension Notice” (Home Jurisdiction Notice) to the AZ MVD which will forward the Notice to the home state MVD.
- When defendant subsequently satisfies violation after suspension:
 - Mail copy 3 to defendant (Defendant’s Receipt)
 - Mail copy 4 to the home state MVD (Home Jurisdiction Receipt).

For electronic reporting courts

- If defendant fails to comply with the terms of citation and the state in which they are licensed is an NRVC state then:
 - Mail copy 1 “Failure to Comply” (Defendant’s Notice) to defendant.
- If defendant responds with payment within 14 days:
 - Discard copies 2 and 4, (Home Jurisdiction copies).
 - Complete receipt portion of copy 3 (Defendant’s Receipt) and mail to defendant.
 - Electronically send final disposition. *
- If defendant fails to respond:
 - Transmit suspension electronically using disposition 54. *This replaces the use of copy 2 “Suspension Notice” (Home Jurisdiction Notice). MVD will create and mail a NRVC notice to the home state, but a record is not created on MVD’s system for this out-of-state individual and disposition.*
- When defendant subsequently satisfies violation after suspension:
 - Mail copy 3 to defendant (Defendant’s Receipt)
 - Mail copy 4 to the home state MVD (Home Jurisdiction Receipt).
 - Electronically send final disposition.*

***When the electronic final disposition is sent in, MVD will send a notice of out-of-state conviction to the home state MVD. This notice of out-of-state conviction is not a NRVC form and may not be used by the home state MVD to clear the NRVC violation. Therefore, it is important that the court send the receipts for compliance (copies 3 and/or 4) when applicable.**

Notes for reporting juvenile offenses to MVD

- Fail to appear (FTA), Fail to Pay (FTP) or Fail to Comply (FTC) for juvenile matters should be reported via a MVD court abstract citing the A.R.S. § 8-323 authority box (Example 1). This will cause a license suspension until the juvenile's 18th birthday, unless complied with sooner (Example 2).
- A disposition code 57 "suspension" does not expire on MVD's system. The suspension will only be lifted when notification of a final disposition or satisfaction is received from the court. This is used on felony violations (Example 3).
- A MVD court abstract should be used when a juvenile is in compliance to end the suspension. To do this write "Compliance" in the disposition code box, and supply a disposition date for the compliance.
- When correcting an error for a previously reported suspension, write "VOID" in the disposition code box of the MVD court abstract, along with the disposition code date.

ARIZONA SUPREME COURT--MVD BATCHCON REPORT VIEWER AND ERROR CODES

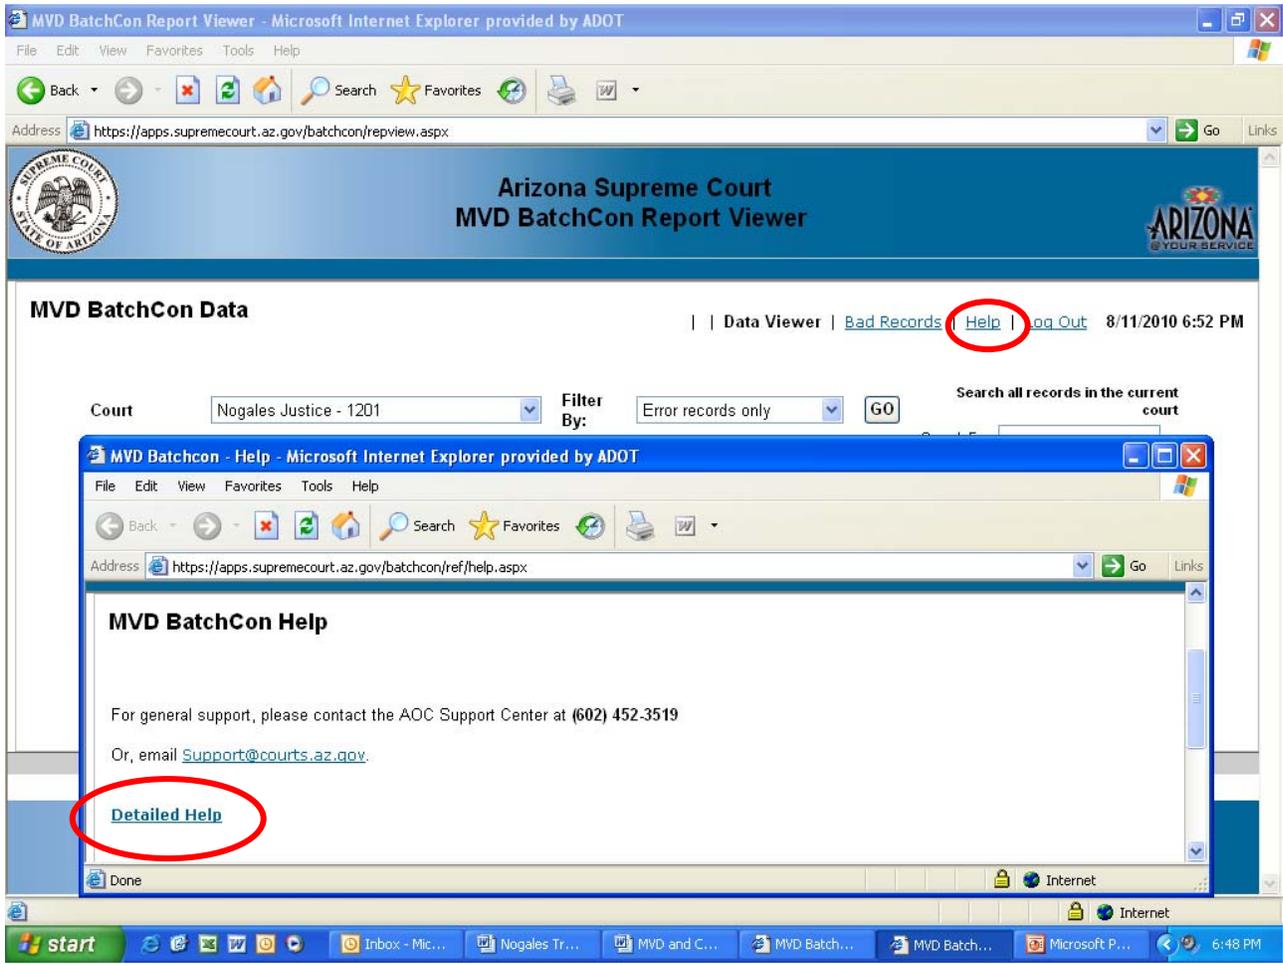

Summary

When conviction information is entered on a person's record either through electronic reporting or a manual data entry, a report is generated and is referred to as a return report. These return reports are separated into several different types with different Report IDs (See the Return Report Table). Generally, there are successfully attached reports, error reports, and MVD worked reports.

These return reports are generated every evening after the MVD system processes the Batch Conviction information that was received from the AOC servers. The return reports are then sent to AOC to be viewed by the courts on the *Arizona Supreme Court—MVD BatchCon Report Viewer* (Viewer). AOC also sends an email notification to each court for every batch of return reports generated by MVD.

The web link to the Viewer is <https://apps.supremecourt.az.gov/batchcon/>. ***The courts can gain access to the Viewer by contacting the AOC Customer Service Center at 1-602-452-3519 or 1-800-720-7743.***

Click on these links to access a power point presentation about the Arizona Supreme Court/ MVD BatchCon Report Viewer.

What do I do with errors?

Once you've located the error there are several options available for reporting the corrected information to MVD. Determine which option(s) is best for your court.

Electronic Reporting Courts:

- Make corrections on your (the courts) computer files and re-transmit conviction information to MVD electronically.

-OR-

- Complete an MVD Court Abstract making sure to supply all the required data including the corrections. Mail the abstract to the MVD Records Unit. Note: *Judge or Court clerk signature and date required.*

Manual Reporting Courts:

- Make a copy of the traffic complaint form and mail it to the MVD Records Unit. Ensure that all the required information is supplied including corrections.

For questions or assistance with working the reject report **ONLY** you can call the Records Unit at (602) 712-7926. Any other questions should be referred to Technical Support at (602) 712-4900.

Errors

Violation Code: 047 - CANNOT MODIFY EXISTING VIOL
CODE
Disposition Code: 023 - ILLEGAL DISPOSITION OVERLAY

Amending charges manually or electronically.

If you have initially reported a charge to MVD with a specific violation code and circumstances arise where the violation code needs to be changed for that charge, you need to go through the following steps to amend the original charge. First, you would report a disposition code 67 for the original charge to MVD **using the same complaint number and count** as when the original charge was first reported. Second, you would report to MVD the new violation code with a sequence number "2" (place a 2 in the Seq field). This allows the MVD system to recognize that this is a new violation code for the same complaint number and count. Also, if the update to the original charge rejects as an error, the new violation code with sequence number 2 will also reject as an error.

It is very important that the same complaint number and count are used when amending a charge!

Errors																
Disposition Code: 030 - DISPOSITION CANNOT OVERLAY ITSELF																

Generally--This error is created because MVD already has the information that is being sent in. MVD could have the same information for several reasons. The disposition information could have been updated when the court called MVD's Tech Support unit, the defendant could have brought their court abstract into an MVD office right after leaving the court and the customer service representative entered the information at that time, or the same MVD file could have been sent twice to MVD.

The important thing to do is to review the information that MVD reports is existing on its records. If this matches up with how the court wants the record to look, then ignore the error. If the information does not match how the court wants the record to look, then it would need to be corrected.

This is where the Acceptable Violation Code Table (AVCT) comes in. It can be found in the *MVD and Courts Manual*. The AVCT is updated each year with new legislative changes. Violation codes are either created or expired and are assigned respective dates according to legislative changes. If the violation code was expired or did not exist on the violation date reported, the MVD system will create this error and not update the record with the violation information. If the court uses AZTEC, the court tables in the case management system most likely need to be updated---contact AOC for help.

MOTOR VEHICLE RECORD (MVR)

General Information

An MVR is a record of information issued by the Motor Vehicle Division pertaining to the driving status or history of a:

- Individuals driver license
- Commercial driver license
- Instruction permit
- Identification license
- Title
- Permit

A non-restricted ten year driver license MVR appears on the next two pages.

The MVR will be broken down into six sections and discussed in detail. On the following two pages is a sample of a two page MVR. The page following the sample, we will begin the breakdown of a 10 Year MVR.

Section 5:

Status Codes should also be reviewed to determine if the driver license is suspended or revoked. Restrictions and Endorsements are clearly displayed.

Previous Licenses are listed by class and state of issue. The issue date and expiration date of the credential are noted along with the license number.

Driver License Status Code Definitions:

- The actual status code number does not appear
- Most prohibitive status codes generate an entry on the MVR and clearly indicate weather the customer is **Suspended or Revoked** and if **Reinstatement Fees** are due
- **Not all status code definitions** attached to the base record **appear** on the MVR such as "Ignition Interlock Device Required" and "TTEAP – Prohibit Vehicle Registration Renewal"

Some common groupings of status code definitions found on MVR's:

- -----> STAT CODE IMPLIED CONSENT SUSPENSION
-----> STAT CODE REINSTATEMENT FEE DUE
-----> STAT CODE SR22 REQUIRED BECAUSE OF DI ACTION
- -----> STAT CODE SUSPENSION – MVD ACTION REQUIRED
-----> STAT CODE SUSPENSION – COURT ACTION REQUIRED
-----> STAT CODE REINSTATEMENT FEE DUE
- -----> STAT CODE MANDATORY INSURANCE SUSPENSION
-----> STAT CODE REINSTATEMENT FEE DUE – FR/MI ACTION

FR ACTION	Financial Responsibility Action
CS ACTION	Civil Sanction Action
DI ACTION	Driver Improvement Action
TSS ACTION	Traffic Survival School Action

3. Arizona Rule
4. ACD Codes

1. Actions: An Action may be MVD or Court directed.

Actions are the result of the steps taken by MVD or the Court in response to a specific violation (i.e. ARS 28-1382A - Extreme DUI may result in a DI ACTION, Suspension or Revocation)

It is the Action that Suspends, Revokes, Cancels or disqualifies an individuals driving privilege.

2. Arizona Revised Statute (ARS)

- In this section is where the actual Statute the person was convicted of will show

VIOLATION CODE	TYPE OF CITATION
28 - #####	Transportation citations
4 - #####	Alcoholic Beverages citations
13 - #####	Criminal Code citations

3. Arizona Rule

- Official Rules of the State of Arizona are published in the Arizona Administrative Code (AAC). There are numerous rules, to many to list, please see the links below for Arizona Rules.

Find Arizona Rule at: http://www.azsos.gov/public_services/Table_of_Contents.htm or [Polaris / Administrative Rules](#)

VIOLATION CODE	Type of Citation

4. ACD Code

An ACD Code is used to record an out of state citation received by an Arizona resident. Universal ACD codes are used nation-wide to identify either the type of conviction or the reason for a withdrawal. Find a copy of the latest ACD Manual and codes at: www.aamva.org/TechServices/AppServ/CDLIS/Documentation.htm

Section 15

MANDATORY INSURANCE

HB 2224 MANDATORY VEHICLE INSURANCE; FINANCIAL RESPONSIBILITY (LAWS 2009, CHAPTER 165)

- This bill transfers the responsibility for suspending the driver license for a violation of §§28-4135(A), (B), (C) from the court to the Motor Vehicle Division (MVD).
- MVD will suspend administratively when receiving notice of the conviction, unless the court waives the suspension.
- Statute allows court to:
 - Waive the monetary penalty
 - Waive only the drivers license suspension
 - Waive only the registration suspension
 - Waive both drivers license and registration suspension
 - Impose a lower monetary penalty
 - Any combination of the above
- Changes to language §28-4137, The court may reduce or waive the penalty imposed for a violation of §28-4135 if person subject to the penalty presents to the court proof of both the following:
 - Not found responsible for violation within past 24 months or more than one violation within 36 months
 - Has purchased 6 month policy of insurance
- If the judicial officer intends to waive the entire MVD suspension (DL and Registration)
- Changes in the MVD reporting script will transmit a “**W**” – Waive driver license and vehicle registration suspension for violations of §28-4135
- The flag will only transmit in the files to MVD if the court staff enters docket event codes 5463, on the same day the case is dispositioned with one of these conviction codes 10, 11, 12, 20, 21, 22 and GG.

MI Suspension—A.R.S. § 28-4135 **AZTEC Data Requirements for electronic transmission of the “W” flag**

Complete the following steps ONLY if it is the judicial officer’s intention to waive the entire MVD suspension (DL and registration) action.

1. Upon a finding or pleading of responsible, enter appropriate disposition code in the Charge/Disposition screen (10, 11, 12, 20, 21, or 22)
2. Enter disposition date based on adjudication date
3. CNTL – T to save Charge/Disposition screen
4. Go directly to case docket (***on the same day disposition was entered***) and enter event code 5463 – M/I Suspension Waived
5. Tab or enter through fields on Case Docket Screen. You may wish to add descriptive text indicating judicial order to waive the suspension

If an electronic court wishes to only suspend on one or the other (DL or registration), complete the above steps in conjunction with a manual court abstract. See sample abstracts on the following pages.

Important Note: AZTEC records the dates and times the disposition code and event docket code are PHYSICALLY TYPED IN and uses that information to create the MI suspension waiver.

Backdating the event code or disposition code will not waive the MI suspension, and the MI suspension will be added to the defendant’s record.

This can create problems for the defendant because of A.R.S. § 28-3511 which allows an officer to impound a vehicle for any suspension or revocation.

It is imperative that court staff enter the event code on the same day the case was dispositioned!

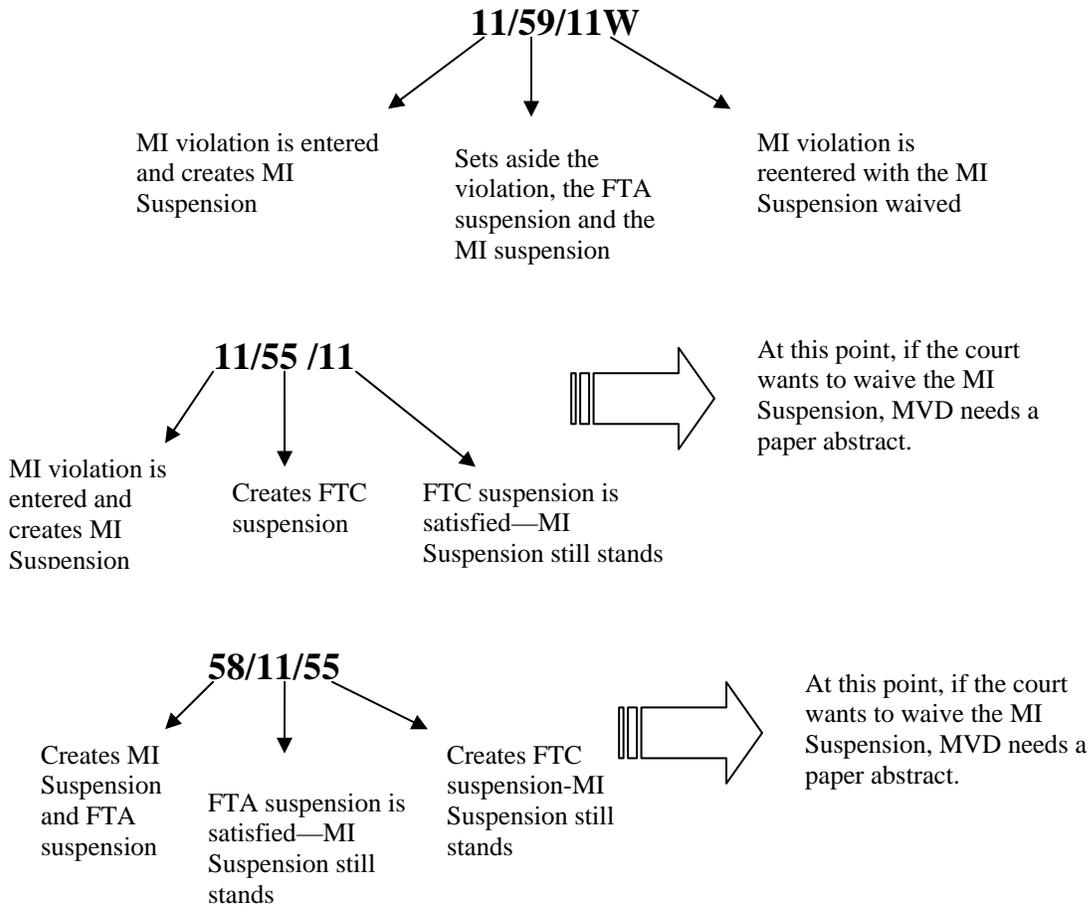

Examples of Disposition Trails for Reporting A.R.S. § 28-4135 and how records are affected.

If the court only wants to waive the driver license suspension or only the vehicle registration suspension, then MVD needs a paper abstract as well.

Examples of Disposition Trails for Reporting A.R.S. § 28-4135 and how records are affected.

The examples on the previous page and this page are only provided to help increase the understanding of how disposition codes will affect a person's record at MVD when a 28-4135 violation is reported. The examples are not intended to be a list of what MVD expects/requires courts to report.

If the court only wants to waive the driver license suspension or only the vehicle registration suspension, then MVD needs a paper abstract as well.

Manual Reporting Of A.R.S. 28-4135 A, B or C

The following processes and steps are for the manual reporting for violations of ARS 28-4135 A, B or C and when the court is directing MVD to take the Driver License suspension, Vehicle registration and/or plate suspension. (*See Process 1*)

When a person fails to appear for a violation of 28-4135, and when the court reports the disposition 58 to MVD, MVD will take a 3-month suspension of the driver license and vehicle registration and/or plates. By doing this, the Driver License is suspended for the "Failure to appear" and also because of the 28-4135 violation.

If the disposition is changed from the 58 to a 10, 11, 12, 20, 21 or 22 the "Fail to appear" suspension is court satisfied and the person needs to still reinstate with MVD, however the Mandatory Insurance suspension will continue for the whole 3-months.

If the disposition is changed from the 58 and a disposition code of 59 or 00 is used for what-ever reason, the 59 or 00 will void the Mandatory insurance suspension and the "Fail to Appear" suspension.

The use of disposition code 59 or 00 is fine when the final disposition is to dismiss the violation by using dispositions 30, 43, 44 or 55 and also when a case is transferred to another court (disposition 63) or an appeal (disposition 71). (*See process 2*)

JUDGMENTS

Before a judgment can be submitted to the Motor Vehicle Division, Mandatory Insurance Unit, the following must occur:

- A certified copy of the judgment. (*Obtained from the court*)
AND
- A law enforcement agency accident report OR an accident date.

OPTIONAL

- A certification from the rendering court that the judgment remains unsatisfied after the 60 days allowed from the date the judgment was rendered. (*Obtained from the court*)
- Any other documents or information on the defendant to assist in locating the correct record.

60-Day Notice

Once the Judgment has become final and rendered by the court, the plaintiff or the attorney for the plaintiff must wait 60 days for a Satisfaction of Judgment before submitting to the Motor Vehicle Division for processing. If Satisfaction of Judgment is not made within the 60 days, the plaintiff or the attorney for the plaintiff may then return to the court to obtain a certification that the judgment has not been satisfied.

The Judgment Certification Form (Form) will need to be filled out by court staff. After a search of the court records, court staff will indicate on the form if a Satisfaction of Judgment has not been filed and at least 60 days have expired from the date the court rendered the original judgment. The clerk shall check the box “**Other**” and make the comment “**60 days have expired and no Satisfaction of Judgment has been filed between the parties named above**” and certify the document.

Satisfaction of Judgment

If a Satisfaction of Judgment was filed, court staff will complete the Form and check the box “**Satisfaction of Judgment has been filed between the parties named above**” and certify the document.

Non-Renewal of Judgment

The original judgment is effective for 5 years and may be renewed. After 5 years, the defendant or the attorney for the defendant can go to the court, where the original judgment was filed, and request a search of the court records to determine if a Judgment Renewal was filed. If a Renewal was not filed, court staff will complete the form and check the box “**Renewal of Judgment has not been filed (5 year limit has expired)**” and certify the document. If a search is made with the case number in question and the search is unable to find any history or shows that records have been destroyed, court staff will complete the form and check the box “**Judgment is 5 years or older; documents have been destroyed**” and certify the document.
