Dear Sir or Madam:

On I went to court to show proof that the plaintiff was just trying to take advantage of me and was using the justice system to steel from me. He was sueing me for

I bought a house from the plaintiff and the escrow officer and plaintiff told me I was short on my closing costs, and talked me into signing an agreement to pay at least of the shortage. Later I found out that that I was not short!! and that the plaintiff received the amount agreed and an additional
So I went to fight for my behalf.

The hearing officer would not look at my proof wouldn't give me the time of day!, I itemized everything, right down to the penny, I also had my contract to refer to, I had proof to show what this bozo received what was on the contract and the extra!!!

The Hearing officer was deplorable, and un professional. It seems that this court is only interested in making the best of their time for their fees. The court is called Justice Court- there was NO JUSTICE at this court.
The hearing officer let this guy steel from me!!!
