Complainant: No. 1312110697A

Judge: No. 1312110697B

ORDER

The commission reviewed the complaint filed in this matter and found no ethical misconduct on the part of the judge. The issue raised is legal or appellate in nature, and the more appropriate remedy would have been to appeal the judge's decision to a court with proper jurisdiction.

The commission is not an appellate court and cannot change a judge's decisions; therefore, the complaint is dismissed pursuant to Rules 16(a) and 23(a).

Dated: August 1, 2007.

on in Court Room municipal court.
I informed the judge that the name the court was referring to AS my name is NOT my name that it is a fictitious name. That my God give Christian name is in upper and lower case letters. And in the court paper work they still have not fixed that error. I asked the judge if she was operating under the constitution of the United States of America. She would not answer my question. SO I told her the Sixth Amendment of the Constitution grants me the right to ask the nature of the action against me and the court has the duty to answer. I have a question of the nature of the action against me. She would not answer any of my questions of the nature of the action against me. I then informed the court that I am not an Arizona citizen and not a citizen either. That I am an American National Sovereign of the Republic of the Continental United States of America. And that I do not accept the compelled benefit of an unrevealed contract of Federal Reserve Notes that there's no gold or silver coins in circulation. I have to use them. I have to eat. but not accept any liability with them. She just said your motion to dismiss is denied. I then asked has this court made the legal determination that it has the right to conduct a criminal action against me, the accused, under a secret jurisdiction only known to this courtroom and licensed attorneys thereby denying me the right to defend myself. She just said that your motion to dismiss is denied, and would not answer any of my questions.
