COMPLAINT AGAINST A JUDGE

Date: 4/29/2008

**Instructions:** Describe in your own words what the judge did that you believe constitutes misconduct. Please provide all of the important names, dates, times and places related to your complaint. You can use this form or plain paper of the same size to explain your complaint, and you may attach additional pages. Do not write on the back of any page. You may attach copies of any documents you believe will help us understand your complaint.

Please see attached. These judges are entering into a coordinated effort to deny me justice, have me pay for crimes committed against me including attempted murder by my former spouse and others at . I have been denied due process and access to courts & representation and they do this to force me to pay for no such reason and they do so to support my former spouse and the police who have also attempted my murder. This is fraud, violation of duty, organized crime, and conspiracy. There is no reason I should pay this discover card debt, it is my former spouse's fault and the law says I should not pay for their efforts to murder me and this was done to bill me any amounts ever back in my divorce appeal is Mr. Her nothing to do with those are additional crimes, but they were done to retaliate against me. They are violated by conspiracy, but now the judge tries to claim that he had a legal and valid basis for doing so which is absurd.

Re: Complaints against judicial staff

Dear Madam or Sir,

It is interesting that the timing of these court actions are actually designed to thwart my efforts at any legal remedy for these crimes including attempted murder, police brutality, and efforts to cripple and kill me. This was specifically designed to end around my recent court filing for bankruptcy relief filed here in that was to convene on . I now find it suspect that again this judge has ruled three days after that date, never contacting me or hearing my testimony, and all done in an effort to ensure I pay more for other's efforts to murder me. I am the victim here and why is it that I can not obtain any relief in your courts and I again have the same judges there doing the same thing time and time again. This in essence is obstruction of justice done at your local level in an effort to protect your criminal judges, police officers, and employers, such as and others. This has to stop and has gone on for years.

I declare under penalty of perjury the preceding statements are true and correct.
