I went to the continuing panel because the state  
prosecutor was asking to continue the cases  
I had trial in a few days and I was demanding to go to trial because I have that  
right. As im sitting thir waiting for my Attorney all of the sudden the judge asks is any body ready and the  
state prosecutor sees yes and they call my cases and im looking around and I dont even have a attorney  
thir for me and no body even steps in for with is my attorney. So the state prosecutor sees  
he wants to continue my cases that are set for trial because he has other trials to beact, so the judge ask  
the prosecutor why dont you get someone from your office to take the case's, then the prosecutor sees no I want to take  
take these cases to trial and the judge and the prosecutor start talking about what cases they want to go first  
on when we all knew the case was going to go first but that day the prosecutor was telling the judge to  
change them around to where the prosecutor wanted them and they wer talking. Well im in thir with no  
Attorney so I stand up and say I object I want to go to trial in a few days just like we planned and I have that  
right, and the judge gets so mad he starts telling me that he will hold me in contempt if I say anything else  
so I sit down and with out a Attorney and they are making all these legal decisions and keep talking about  
my case. The State prosecutor made it clear that thir was other prosecutors amible but the judge  
did not care that I did not have a Attorney thir or nothing then when I defended my self he tells  
me he will hold me in contempt is this legal? Please look at the record or the transcripts  
of this day to verify my complaint. this gave the state more time to investigate and  
to get more witnesses I thought I had a due process and a six Amendment right do  
I? Please look at the transcripts and you will see how the judge acted and did  
not let me defend my right but I did object and you will see the judge did  
not care if I had a a attorney or not and at the end he ruled on all the states  
motions and I had to wait to go to trial then the state got all kinds of evidence  
on me After that. that you,
