ORDER

The complainant alleged that a justice court hearing officer had a gender bias that affected her judgment. After analyzing the allegations, the hearing officer's response, and reviewing the video recording, the commission found no bias and decided to dismiss the complaint with an advisory letter reminding the hearing officer that attempted humor in a hearing could lead to a perception of bias. The complaint is dismissed pursuant to Rules 16(a) and 23.

Dated: March 18, 2011.

PHOENIX 8TH OF AUGUST 2010

Dear Judge Quentin Tolby

On august 3rd, hearing officer defendant.

decided on case cc2010

, in which I was the

I can't accept her judgement because of a sexist remark she made at the beginning of the hearing and I respectfully request a new hearing with a hearing officer, who is less of a feminist and does have less of a problem with man and does not think, as mrs obviously does, that man are not able to do 2 things at the same time.

I felt, that mrs was demeaning towards man, comparable to a male judge, who would state his opinion, that women can' drive.

At another time she emphasized how intelligent and smart she is (compared to man, who can't think straight?) while criticizing at the same time the plaintiffs explanations! Again I felt, she looked down on man.

I know, that a small claims court judgement can't be appealed. I am not appealing the judgement, I resend the person, who made the judgement and feel, that anybody in such a position of power has to be objective, only then can the assumption of fairness be made.

Thank you!
