I am enclosing all the documents that were NEVER in my file when I met with the new Prosecutor

I was in her office and she stated I never completed the Life Skills course and I stated I did and I was attempting to explain and I was told from _____ on who she had to contact as it was a complicated situation and Prosecutor _____ refused to listen and proceed to do it her way. She said this was a criminal matter and that is when I was then terrified as to what to do.

We then had to go into the court room to get a court date from Judge _____ on _____ which was set for _____ @ _____. Judge _____ stated since there are no records in my file that I should pull all records and send both copies to the court and to Prosecutor _____ and usually there can be communication and it can be resolved.

I spoke to Prosecutor _____ on _____ @ _____ and all she stated was she is not willing to work with me she is ready to go to trial, over and over.

I get to court _____ minutes early to check in and my case is not on the record it is scheduled until _____ pm no one on staff has any record of the document that I have showing the trial is @ _____ pm except me.

Now it is time for court. The Prosecutor _____ will not let me bring up the main reason that will explain my case which is that prior Prosecutor _____ who put together the Life Skills course that would cover 2 tickets, the reason for that is I never received my ticket.

Please see my mortgage document my address was written wrong since _____ it was correct by the US Post Office. Judge _____ said it is usually not good to disclose the reason why the reason behind the address problem. So I believed him.

I really needed to explain that Prosecutor _____ wrote the order I completed the course. I have proof I took the course. The computers at the course went down. _____ assistant knew who to speak with and was able to get their copy. The original order came from _____ not however Prosecutor _____ did not want that discussed in court and Judge _____ agreed. So I was outnumbered which leaved me guilty, which I am not.

The reason I would like you to discipline Judge _____

As to at the end of the trial he finally said ok let me hear what you have to say. He said produce the certificate I said I cannot I can only produce the confirmation number he said it will do no good. I said I have the number and name and court document of who I spoke with it said you want me to believe then I stated the computer was down. Then he began laughing at me.

That is when I gave up. How can a Judge give a fair ruling when they can LAUGH at someone who has enough proof? That is just wrong. If I could I would have him removed from the bench as I can only imagine what his ego is doing towards others.

Now what are you going to do with Prosecutor _____ who never had any of my documents and Judge _____ stated we should have talked about this.

Interesting my file had missing documents and a missing court time document. I bet they will magically appear when you begin checking into this. I do have a friend who drove me yet I will not disclose her name.

One last question was this a criminal case Prosecutor _____ said it was if so why as the fines listed as a civil penalty?

Thank you for your time, I will pay my fine even though in my heart I did what I was instructed to do per Prosecutor _____

Be safe have a great week!
