To Whom It May Concern,

I am an employee of The _____ Court system. I have sent letters to the Sherriff's department to the Governor without any action.

I have spoken to security here and no one will do anything and continue to keep silent even though we watch as favor and substances are being bought.

Just _____ weeks ago another child was allowed to leave the state with the wording that the parent child relationship has deteriorated. This decision was predetermined even though the judge ordered one of the parents to jump through hoops, see counselors and against the advice of the Best Interest Attorney is allowing the child to leave the state. I notified the Governor _____ ago this was going to happen and now the order has come down.

_____ is sending children out of this state and getting paid to do it while paying off other agencies like _____ and agents of _____ then makes decisions against _____ expert witnesses and custody evaluators.

Then you place the rat to look over the cheese with the investigation of missing cash while blaming others?

How much crazier can it get?

Well its coming!

If you want to get to the real problem inside this court house, do a random screening of all the justices starting with the top. You won't have to go much further.

I've already sent a detailed letter to the news stations if you won't take this seriously, they are!!
