ORDER

The complainant alleged a superior court judge made improper rulings in a family law matter, was biased against him, and engaged in other unethical conduct.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23(a).

Hello, My name is I honestly can say my situation wont change for the better or this email will get a 2nd look and the only response I might get is that I sent it to the wrong address. For years now I been striped of all my rights as a American maybe more American than most being For a few unbelievable reason in my ex wife Is a beautiful honestly I still have no idea why she wanted a divorce after we bought a new house. During our marriage I never not trusted her and believed anything she told me. These days is not who I married and trusted years of her not following court orders telling lies about me taking my away for at a time telling the court I am lies all hearsay not 1 thing a fact of law even started and every involved everything was lies and false I submitted my own case because I know the truth the striped me from due process and let commit purjury by filing false statements to take my due process away did nothing but tear the fabric of justice from a good father to satisfy a very corrupted and maybe the worst and when they realized that I am not bad they became angry and hostel towards me instead of being happy abuse was not true. And maybe taking a corrective course of action to for her false statements they drop her case and not file charges on basics of her not to lose she has done so much horrible stuff and gets away so she can still what type of values and will she mislead a one day and does the worst crime in history because of a bad roll model? Who knows. But takes ignore all facts and takes a very wrong and a violation of every right a parent can have and still keeps away from a dismissed case why? So I filed a complaint and it is denied and all my case evidence and complaint is not in my case file corruption with a very maybe most important department the judges quality review team claims she did nothing wrong that is a correct statement what she did was cruel unfair and a violation of every right of a male father wanting to be apart of his life I been fighting for over years now there is nothing wrong with me not violent no drugs and my loves me and misses me why god why cant I get help who ever is reading this I am sure you don't care maybe thinking its all my fault because I do send emails and file complaints that is not bad or crazy even if I sent a thousand in day but if so how come no one helps what will it take should I ask my to ask that any good in everyone who knows of me to remove there happiness and replace with loneliness fear sadness loss of family and children repay a blind eye that has been shown to me well a blind eye back.
