ORDER

The complainant alleged a superior court judge is biased against him, improperly denied him the ability to file motions, interfered with his right to effective assistance of counsel, and tampered with the record in a criminal proceeding.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23(a).

Dear:

I'm writing to you in regards to case . I wrote a complaint on . I recently come to find out that I was mis guided to believe that was infact my Judge. I was told he was my Judge several times by my old lawyer . On I had a hearing for change of Judge, which at that time, I was finally told the truth that my Judge, is Judge .

I'm a man of my word and can admit when I'm wrong. I was wrong to accuse of thows alagations and believe me I never would of if I wasent mis guided and led to believe he was my Judge, so for this I apoligize.

I will not apoligize for the alagations that I am bringing forth, thows are as true as it comes. I lived these moments, I was in court when they happend and if you therially do an investigation by checking the **TRANSCRIPTS** and **MINT ENTRYS** for case you will see everything I stated to be true and acurate.

On we had a hearing at because my lawyer put in a motion to withdraw. I submitted a motion for inafective assistance of counsel. At the begining of the hearing the recorder was not actively recording or turned on, so I advised the Judge to turn on his recorder, he told me it was re-booting so I asked if we could wait and countive this hearing intill later when the recorder was working properly, he told me **NO** were going to have the hearing now, and you **CAN NOT** file motions.

Soon as we started, the Judge says I seen you turned in a motion to withdraw, well I'm going to grant your motion.

Said **NO**, wait, I turned in a motion for ineffective assistance, the Judge says well I don't see it here so I'm gonna grant his motion, I said **NO**, I have a copy of it here, I'll just do a **ORAL** motion of it, he says **NO**, I'm not gonna accept that, I say why not, he says because it doesn't make sense, I say sir, you gotta have the motion first before it can make sense or not, he smiles, then says [redacted] your free to go. **THIS ISN'T RIGHT**. I paid [redacted] for that burn of a lawyer, I have tons of paperwork from him rejecting to do anything I asked and for [redacted] to just let him go off of my case without hearing my side of the story is **WRONG**. So [redacted] tells me to go sit down and will bring the case back up in a lil bit, so I go sit down and [redacted] reaches over and turns the recorder on, I say hey, you just turned the recorder on, he says, it just re-booted, I say **NO** it didn't and he just smiles at me, then turns his head and says next case, this is **HORABLY WRONG**, please check the **MINT-ENTRY** and **VIDEO SURVEILLANCE FOOTAGE** to see what I am saying is accurate and true, this injust has got to **STOP**.

I had a hearing on [redacted] for change of Judge, at which time I presented evidence and gave a good defense speech but was still told **NO** I can **NOT** have a different Judge.

It's been (1) month since I had that hearing, to this date I still do **NOT** have a new court date, they are purposely **NOT** giving me a court date. I know there should be some kind of time limit to order a new court date. **PLEASE** look into these complaints.

Sincerely
[redacted]
