ORDER

The complainant alleged a superior court judge improperly denied his request for a telephonic appearance. The complainant also alleged a retired superior court judge issued an unconstitutional ruling and was biased against him.

The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of the judges' rulings. Dear

Brief: The was demanding \$ on a Judgment which is contrary to Arizona Law. This Complaint was commenced to punish and for committing fraud as they were not entitled to any additional monies. See Upon me filing this complaint were finally accepting the \$ judgment amount so the Court had NO Business interfering between the parties. Because of Bizzare ruling Emboldened to Commit Fraud and deception then fabricated a story to ensure more frivolous litigation leading to a hearing in Lost confirming their fraud upon the court. ruling was used in a new complaint where is trying to Steal my house away. was removed and sent to and this case remains with the.

Discussion: Why would a Judge act as a Co-conspirator to crimes? The Judges role is to mitigate damages and court time not provide non-sensical and Illogical rulings to extend one mans bid to defraud and this court using the monies. has successfully defrauded the court double billed the parties which is why must act to remedy this matter as the soonest. This Court order is unconstitutional and must be challenged by Arizona.

Finally I am from a drunk driver in Area. That makes this matter more urgent that prompt justice needs to be delivered to Cease his Criminal activity.
