COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 18-349

Judge:

Complainant:

ORDER

The complainant alleged a justice of the peace (now retired) improperly designated her as a vexatious litigant.

The responsibility of the Commission on Judicial Conduct is to impartially determine if a judicial officer engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

The commission does not have jurisdiction to review the legal sufficiency of a judicial officer's rulings. In addition, the commission found no evidence of ethical misconduct and concluded that the judicial officer did not violate the Code in this case. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23(a).

Commission member Gus Aragón did not participate in the consideration of this matter.

Dated: February 27, 2019

Copies of this order were distributed to all appropriate persons on February 27, 2019.

This order may not be used as a basis for disqualification of a judge.

Ever since I filed trying to legally remedy my homelessness, there has been nothing but problems with the whole process. There is zero empathy whatsoever, the worker conduct and behavior in Judge court are very rude, arrogant, and racist. Based on the ethnic makeup of his office, I see very good and well how these positions have been saturated and filled in order for these people to be able to have excuses to legally discriminate, look out for their communities while disenfranchising another. The judge's conduct and behavior has been nothing but cold, cruel and wicked. He has been repeatedly to hold those who have practiced their systemic biases and racism and has refused. He was given proof the best way I could describe how I became homeless and the efforts I have tried and tried all of which have been suppressed county wide and still he has not only claims of maltreatment, bigotry and deliberate maldistribution of funding and resources - he went out of his way to go outside of his jurisdiction to tell me I can't file anymore was confronted about his attempts to deny me of my 14th amendment due process and instead made references to court. I will no longer tolerate the modern day colorist abuses and be told be.

What I also won't be told is that no denomination (or ~~denom~~ non-denominational) Church doesn't have inherited responsibilities to take care of (in a structural sense), knowing very well how these churches were able to get planted on the land and that they have any business denying restitution.

My problems could have been solved. Iago had these bigots in these institutions not denied me of the help I need in their ethnic cleansing efforts. Instead of empathy and compassion having been genuinely shown to a member of the nation's underclass, Judge further marginalized me and made matters worse. He has shown ~~what~~ he believes - that my claims have no merit despite seeing the truth around him on a daily basis about the "and how demographics are being abused. Whoever gave this man judicial office is equally as heartless, cruel, cold-hearted and evil, having known the calibre of the individual.
