These people were only to our home once and did not know about our tools. But once they saw what was in my shop they began moving my tools to

told the hearing officer he was to leave a key so I could retrieve my things but they left for and did not leave a key. In her letter to us she stated if you want your thing we would have to buy back the home she said possession is of the law. We had to place a monetary value on our things in order to get money to replace what they were keeping.
