

San Luis Justice Court Kiosk

San Luis Justice Court Kiosk

- Yuma Judicial Assistance Unit (JAU) sets up payment contracts with the three Justice Court Precincts. They send out letters when needed and track all accounts that have unpaid financials.
- The Kiosk helps JAU setup payment contracts for the outlying court so the customers don't have to drive 25 miles to setup.

MAIN SCREEN

- 1.) **To start click on the icon below and wait 5 seconds.....**
Para comenzar haga 'clic' en el icono abajo y espera por cinco segundos
- 2.) **Please close the program completely when finished**
Al terminar, favor de cerrar el programa por completo

CLICK HERE TO START {clic aqui para empezar}

SOFTWARE REQUIRED

- Auto Hotkey - This program is a Marco maker; it can create a programmable sequence of windows commands, replace the need for excessive repetitive clicking and typing, and also make a strenuous confusing repetitive task on the computer run automated by a single .exe icon.
-
- Taskbar Magic - This program is able to hide the taskbar after login so it will not be accessible also, disabling the start button and any other taskbar icon, shortcut, toolbar, or popup notification; used to give limited access to the computer.
-
- Desk lock - It is able to make the desktop and all the icons on the desktop not movable or right clickable which disable the ability to change the desktop or computer settings, giving a limited access to the computer.
-
- Microsoft Office Communicator- is a communication program enabling the ability to chat over the internet by video and text between two or more users.

SETUP

- 1.) copy main folder "programs to kiosk" to the c:\ drive
- 2.) copy "desklock.exe" to startup folder for user
- 3.) create a shortcut of "taskbar magic.exe" and add to startup folder
- 4.) install autohotkey.exe – “Recommended” install just keep clicking next
- 5.) create shortcut of (< CLICK HERE TO START {clic aqui para empezar}) on desktop
- 6.) change icon in #5 to {c:\programs for kiosk} “receptionist1”
- 7.) change size of icon to what is acceptable
- 8.) change background to background.jpg and adjust to stretch to screen.

- \\\\\\\
- **Reminders:**
- make sure there is only one icon on desktop – All others must be hidden or removed
- use ctrl and mouse wheel scroll up to change the size of icons
- do not copy "DO NOT TOUCH !" to the desktop
- to toggle desktop lock ctrl + alt d
- to show taskbar magic menu ctrl + alt + esc
- (With Windows 7 and Communicator 2007 R2 use F5 for full screen)
- \\\\\\\

COSTS

- The cost to implement the JP#2 Kiosk \$1,536.13
 - Kiosk -- \$1159
 - AJIN Computer Local JCEF monies
 - Headsets -- \$137.21 (7 each from Staples)
 - Camera -- \$239.92 (7 each from Staples)

BENEFITS TO DATE

WITH THE KIOSK

- It has cut down on staff time to attempt to locate the debtor,
- Cost of postage to mail out that first initial letter if the debtor didn't appear as ordered, which was about 75% of the time.
- First payment is made one (1) month out from the day of the sentencing order and not two (2) or three (3) months out because that how long sometimes it would take for us to contact and set up the contract.
