EXTENSIONS

The courts listed in the table below allow schools to give extensions on their behalf**. If your court is listed below please contact a school directly. Click here for a list of certified schools.

** If you are within 7 days of your arraignment date, you must contact the court as schools cannot grant an extension on the court's behalf if you are within this timeframe.

If your court is not listed below, you must contact the jurisdictional court to request an extension. The contact information for the jurisdictional court can be found on your copy of the citation. The Arizona Supreme Court does not grant traffic citation extensions.
