# ACCEPTABLE VIOLATION CODE TABLE

# General Notes

- The MVD Acceptable Violation Code Table (AVCT) only contains violations that are **reportable** to the Arizona Department of Transportation, Motor Vehicle Division. It is **not a comprehensive list** of all citable violations in the Arizona Revised Statutes under Titles 4, 13 and 28.
- Each violation has a general brief description of the offense as determined by MVD.
- The column **NRVC/ACD Code** is used to determine if the violation is Nonresident Violator Compact (NRVC) reportable.

A “Y” in the column indicates that the violation may be reported to MVD when the person fails to comply. Those courts that report manually on the Terms of Citation–Nonresident Violator Compact, form # 46-0509 must include the ACD code on the form. The ACD code is located to the right of the Y in the column.

The ACD code is from the American Association of Motor Vehicle Administrators (AAMVA) Code Directory. These codes are used to define the type of offense by all states.

- **Offense** column indicates whether the violation is considered by MVD to be C (Criminal), V (Civil) or B (Both).
- **Point’s** column indicates the amount of points assessed on the person’s driving record. These points are used to determine Traffic Survival School assignments or possible suspensions.
- Only violations under **Title 28** are reportable for failure to appear using disposition codes 56 or 57 (ARS 28-3308). Disposition codes 56 or 57 cannot be used with violations from Title 4, 8 or 13.

## **Section 4**

# **REPORTING CIVIL AND CRIMINAL TRAFFIC VIOLATIONS**

# Reporting Traffic Violations

The following is given to provide guidelines for courts to report to the Motor Vehicle Division civil and criminal traffic convictions, appeals, dismissals, set-asides and failures to appear or pay.

## Authority:

- **ARS 28-1441**

Mandates that all records regarding the disposition of cases in which a person is charged with a violation of sections ARS 28-1381, 28-1382, or 28-1383 must be maintained by the court and made accessible to the general public.

- **ARS 28-1559**

Mandates that every court forward to MVD convictions of judgments against a person for violations of any law regulating the operation of a motor vehicle, other than regulations governing standing or parking.

Mandates that the court forward the abstract of conviction to MVD **within 10 days** after the conviction, judgment or forfeiture of bail or deposit.

Mandates that the court forward to MVD an abstract of conviction, judgment or forfeiture of bail or deposit of a person upon a charge of violating any provision of chapters 3 or 4 **or** any other law regulating the operation of vehicles except illegal standing or parking.

- **ARS 28-3303**

Authorizes MVD to accept convictions that are reported by a court of the U.S. government or a tribal court.

# Same Complaint Numbers and Counts

## What counts to use?

When sending any citation or abstract, the complaint number and the count must be the same as what you enter on your case management system.

Example: If law enforcement provides a Traffic Ticket Complaint (complaint # 180835) that has numeric counts of 1, 2, 3, 4 and 5, and you enter the complaint numbers as 180835A, 180835B, 180835C, etc., any future reference to those complaint numbers as reported to MVD **must** have the counts of A, B, C, D or E and **not** 1, 2, 3, 4 or 5.

**Note:** Whatever MVD receives/enters on our database must be referenced for any future changes. If you are not sure what complaint number and count is on our system, call Technical Support.

## Amending charges manually or electronically

If you have initially reported a charge to MVD with a specific violation code and circumstances arise where the violation code needs to be changed for that charge, you need to follow these steps to amend the original charge.

First, you would report a disposition code 67 for the original charge to MVD **using the same complaint number and count** as when the original charge was first reported. Second, you would report to US the new violation code with a sequence number 2 (place a 2 in the Seq field). This allows our system to recognize that this is a new violation code for the same complaint number and count. Also, if the update to the original charge rejects as an error, the new violation code with sequence number 2 will also reject as an error.

It is very important that the **same complaint number and count** are used when amending a charge

## Problems when the same complaint number and count are not used:

- An additional violation is created that will not have the same disposition codes associated with it as was initially intended by the court.
- Disposition updates will not be applied to the correct violation.
- Unintended suspensions and other penalties are likely to generate due to two separate violations and two separate dispositions created when the same complaint numbers and counts are not used.

# General Reporting Requirements

## METHODS OF REPORTING

### Certified copies:

- MVD Court Abstract, form # 26-0117 (include all required info listed below)
- MVD copy of multiple charge citation
- Certified Judgment or certified letter from court (include all required information listed below.)

### Electronic Transmission (AZTEC)

## INFORMATION REQUIRED FOR REPORTING

- Person's name
- Person's date of birth
- Person's driver license or identification license number
- SSN, if available
- Traffic Complaint information:
  - Complaint number (include alpha or numeric character in the complaint number from the multiple charge citation)
  - Violation date
  - Violation code (include the appropriate subsections; see Acceptable Violation Code Table)
  - Disposition code
  - Disposition date (every disposition reported must have an accompanying disposition date)
  - Court name and/or court identification number

## REPORTING DISPOSITIONS

Convictions, First-time dismissals and Judgments of Not Guilty, Failure to Appear/Pay, Court Set-Aside, Amending Violation Codes and Appeal of Convictions.)

### Reportable Violations

- All violations/actions listed on the Acceptable Violation Code Table (AVCT) are to be reported/transmitted to MVD.
- Final judgment/conviction from which a defendant has exhausted the right to appeal must be reported to US as a disposition code 10 through 22, **ten days from date of final disposition.**

## First-time Dismissals and Judgments of Not Guilty

The court must report all dismissals and judgments of not guilty for violations of ARS 28-1381, 28-1382, 28-1383 and all subsections.

**Do not** report for example:

- Dismissals due to a diversion program, such as driving school.
- Parking violations (by statute or local ordinance)

**Failure to Appear /Criminal Traffic Violation/Disposition Code 56** (This code only applies to Title 28 violations. Disposition Code 56 cannot be used with Title 4, 5 or 8 violations.)

- Failure to appear; warrant issued: Failure to appear should be reported as a disposition code 56. MVD does not store warrant information anymore.
- Defendant subsequently appears: Report Disposition Code 60 (Criminal Failure to appear satisfied), plus final disposition code, if available.

Example:	Violation	Dispo.	Dispo. Date
	28-3473A	60/11	2-3-01/3-1-01

**Failure to Appear/Criminal Traffic Violation/Disposition Code 57** (This code only applies to Title 28 violations. Disposition Code 57 cannot be used with Title 4, 5 or 8 violations.)

- Defendant failed to appear in court, no warrant of arrest issued: Report as disposition code 57.
- Defendant subsequently appears: Report as final disposition code 10 through 45.

**Civil Traffic Violation/Disposition Code 58** (This code only applies to Title 28 violations. Disposition Code 58 cannot be used with Title 4, 5 or 8 violations.)

- Default of judgment; pursuant to 28-1596 entered. Report judgment to MVD within ten days from date of disposition code 58.

## Court ordered Set-Aside/Disposition Code 59 and 76

- Disposition Code 59 is not to be used to force disposition overlays or to satisfy a civil failure to pay or failure to appear suspension. It is only to be used to report a judicial decision to set-aside a conviction of a traffic complaint. The Disposition Code 59 is also not a final code; further judicial action that finalizes the case should be reported to MVD.

Disposition code 59 voids any withdrawal action entered as a result of the citation/conviction; any points assessed are also removed.

- Court ordered set-aside pursuant to ARS 13-905 is used to set-aside the judgment of guilt not the conviction. Report set-aside judgment pursuant to ARS 13-905 by using disposition code 76 sent to MVD either manually or electronically.

Disposition code 76 will show the conviction on public records with a notation of "Set-aside per 13-905". The violation can still be used for any future litigation unlike a disposition code 59. Once the 76 is on record, any other disposition overlay results in error message. The **76 freezes the conviction**.

## Expungement of certain specified marijuana offences/Disposition Code 78

- Disposition code 78 is only allowed for the following violations: 8-323, 13-3405A4, 13-3408A7

## Amending Violation Codes/Disposition Code 67

- When the court has amended the original violation code: Report original charge with disposition code 67. On the same abstract, notate the new charge with final disposition code 10 through 22. Code 67 will display on MVD's database without the corresponding complaint number

Example:	Violation	Dispo	Dispo Date
	28-1381A1/28-693A	67/11	02-03-01/02-03-01

- The use of disposition code 67 is **not** necessary when the court or law enforcement corrects a violation code originally reported in error. (i.e., violation originally reported as 28-645A when it should have been 28-645A1)

## Appeal of Conviction/Disposition Code 70

- A notice of appeal reported as a disposition code 70 is to be sent from the originating court of conviction prior to transferring the case to the court hearing the appeal.
- The disposition code 70 stays the conviction action until the outcome of the appeals decision.

## Purge Record/Disposition Code 71

Notice or call from the court that a court conviction has been purged, court can mail a letter or call Technical Support to report that the violation has been purged with a disposition code 71.

## **Defendant is subsequently heard on the Appeal**

- If the case is finalized at the first appeal level, the court in which the appeal was heard reports the disposition within ten days from the final outcome of the case.
- If the appeal is remanded, the lower court reports the disposition within ten days from the final outcome of the case.
- The court should not send in a final disposition for a case on appeal until the appeals process is exhausted or the case is finalized.

## **FEDERAL CONVICTIONS – GENERAL REPORTING REQUIREMENTS**

### **Court actions listed on Acceptable Violation Code table are reported to MVD**

All final judgments/convictions from which a defendant has exhausted the right to appeal must be reported to us.

### **First-time Dismissals and Judgments of Not Guilty**

The court must report all dismissals and judgments of not guilty for violations of U.S. Code of Regulation 4.23 only.

### **The defendant has appealed the conviction**

A notice of appeal is sent in from the originating court of conviction prior to transferring the case to the court hearing the appeal.

## **Defendant is subsequently heard on the Appeal**

- If the case is finalized at the first appeals level, the court in which the appeal was heard reports the disposition within ten days from the final outcome of the case.
- The court should not send in a final disposition for a case on appeal until the appeals process is exhausted or the case is finalized.

### **Amending Violation Codes/Types: (court amended the original violation code)**

On a copy of the conviction notice, notate the amended charge with the final disposition code and send to MVD.

# NONRESIDENT VIOLATOR COMPACT

# Nonresident Violator Compact

## (NRVC)

- Arizona Revised Statutes, Title 28, Chapter 6, Article 4
- The purpose for the NRVC is to insure that nonresidents and residents comply with the terms of the citations when cited in any member state.
- Violations Accepted: Standard Moving Violations that **do not** carry Mandatory Court Appearance.  
Note: the MVD Acceptable Violation Code Table indicates which violations are NRVC reportable.
- NRVC violations can only be reported within the first six months of the violation date. This does not apply to CDL drivers.
- **For CDL drivers only** – Beginning September 23, 2007, there is no time limit from the date of the violation.
- Use disposition code 54 for failure to comply.
- States **not** a part of NRVC:
  - Alaska
  - California
  - Michigan
  - Montana
  - Oregon
  - Virginia
  - Wisconsin

Note: NRVC forms (# 46-0509) can be ordered from the MVD Distribution Center 602-712-7306.

# Processing NRVC Violations

## For Manual Reporting Courts

If defendant fails to comply with the terms of citation and the state in which they are licensed is an NRVC state then:

Mail the Defendant Notice (copy 1) to defendant.

If defendant responds with payment within 14 days:

- Discard the Home Jurisdiction copies (2 and 4)
- Complete receipt portion of the Defendant Receipt (copy 3) and mail to defendant.

If defendant fails to respond and no payment received within 14 days:

The court has 10 days to mail Home Jurisdiction Notice (copy 2) to the MVD which will forward the Notice to the home state motor vehicle agency.

When defendant subsequently satisfies violation after suspension:

- Mail the Defendant Receipt (copy 3) to defendant
- Mail the Home Jurisdiction Receipt (copy 4) to the home state home state motor vehicle agency

## For Electronic Reporting Courts

If defendant fails to comply with the terms of citation and the state in which they are licensed is an NRVC state then:

Mail the Defendant Notice (copy 1) to defendant.

If defendant responds with payment within 14 days:

- Discard the Home Jurisdiction copies (2 and 4)
- Complete the Defendant Receipt (copy 3) and mail to defendant
- Electronically send final disposition \*

If defendant fails to respond:

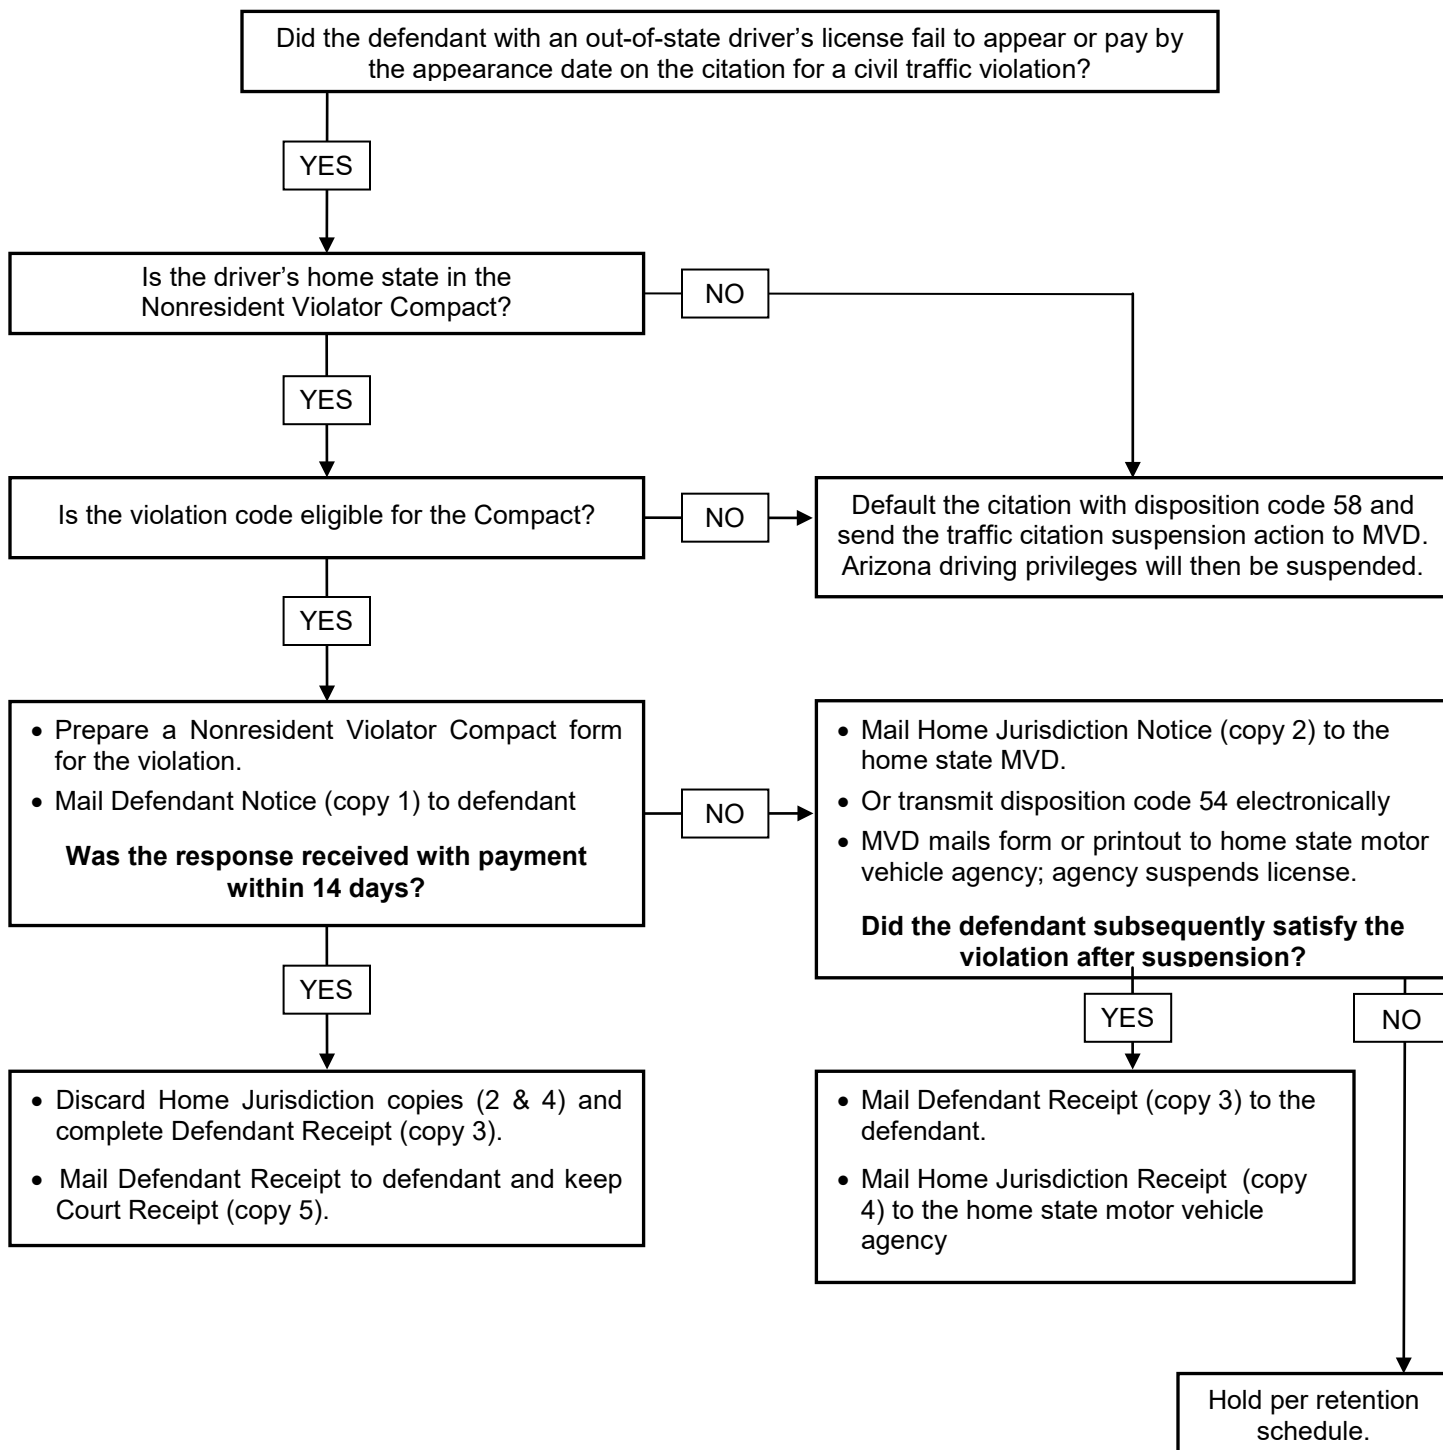

Transmit suspension electronically using disposition 54. This replaces the use of Home Jurisdiction Notice (copy 2). MVD will create and mail a NRVC notice to the home state, but a record is not created on our system for this out-of-state individual and disposition.

When defendant subsequently satisfies violation after suspension:

- Mail the Defendant Receipt (copy 3) to defendant
- Mail the Home Jurisdiction Receipt (copy 4) to the home state motor vehicle agency.
- Electronically send final disposition.\*

\* When the electronic final disposition is sent, we will send a notice of out-of-state conviction to the home state. This notice of out-of-state conviction is not an NRVC form and may not be used by the home state to clear the NRVC violation. Therefore, it is important that the court send receipts for compliance (copies 3 and/or 4) when applicable.

## Reporting Juvenile Offenses

- Fail to appear (FTA), or Fail to Comply (FTC) for juvenile matters should be reported via an MVD court abstract citing the ARS 8-323 authority box (Example 1). This will cause a license suspension until the juvenile's 18th birthday, unless complied with sooner (Example 2).
- A disposition code 57 suspension does not expire on MVD's system. The suspension will only be lifted when notification of a final disposition or satisfaction is received from the court. This is used on felony violations (Example 3).
- An MVD court abstract should be used when a juvenile is in compliance to end the suspension. To do this write Compliance in the disposition code box, and supply a disposition date for the compliance.
- When correcting an error for a previously reported suspension, write VOID in the disposition code box of the MVD court abstract, along with the disposition code date.
- **Expungement of certain specified marijuana offences/Disposition Code 78**  
Disposition code 78 is only allowed for the following violations: 8-323, 13-3405A4, 13-3408A7

## Section 12

# **AZ SUPREME COURT — MVD BATCHCON REPORT VIEWER & ERROR CODES**

# Summary

When conviction information is entered on a person's record either through electronic reporting or a manual data entry, a report is generated and is referred to as a return report. These return reports are separated into several different types with different Report IDs (See the Return Report Table). Generally, there are successfully attached reports, error reports, and MVD worked reports.

These return reports are generated every evening after the MVD system processes the Batch Conviction information that was received from the AOC servers. The return reports are then sent to AOC to be viewed by the courts on the Arizona Supreme Court—MVD BatchCon Report Viewer (Viewer). AOC also sends an email notification to each court for every batch of return reports generated by MVD.

The web link to the Viewer is <https://apps.supremecourt.az.gov/batchcon/>.

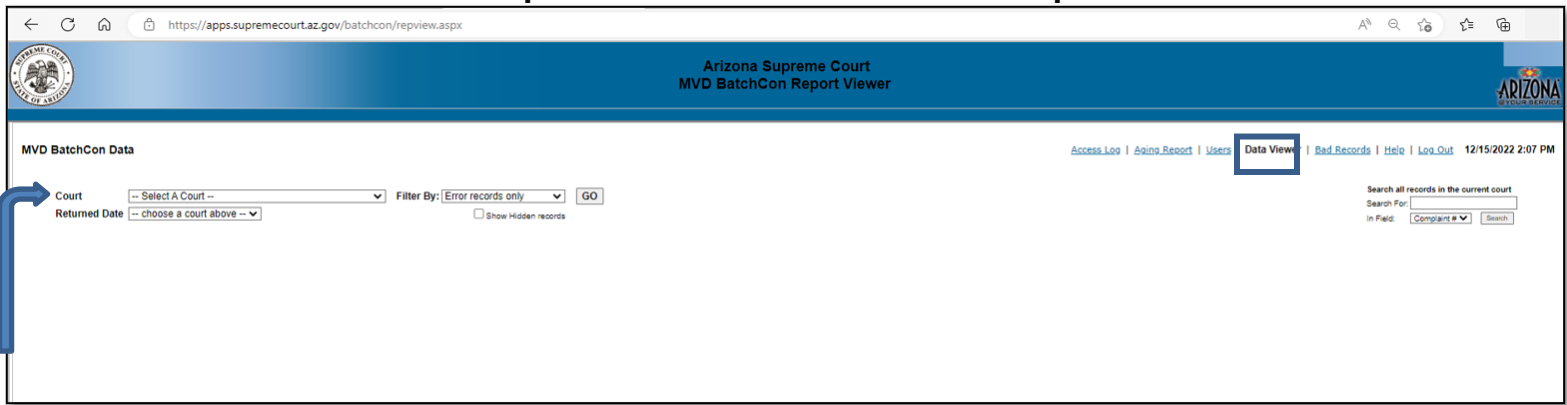

Courts gain access to the Viewer by contacting the AOC Customer Service Center at 602.452.3900 or 855.229.3900.

## **MVD information:**

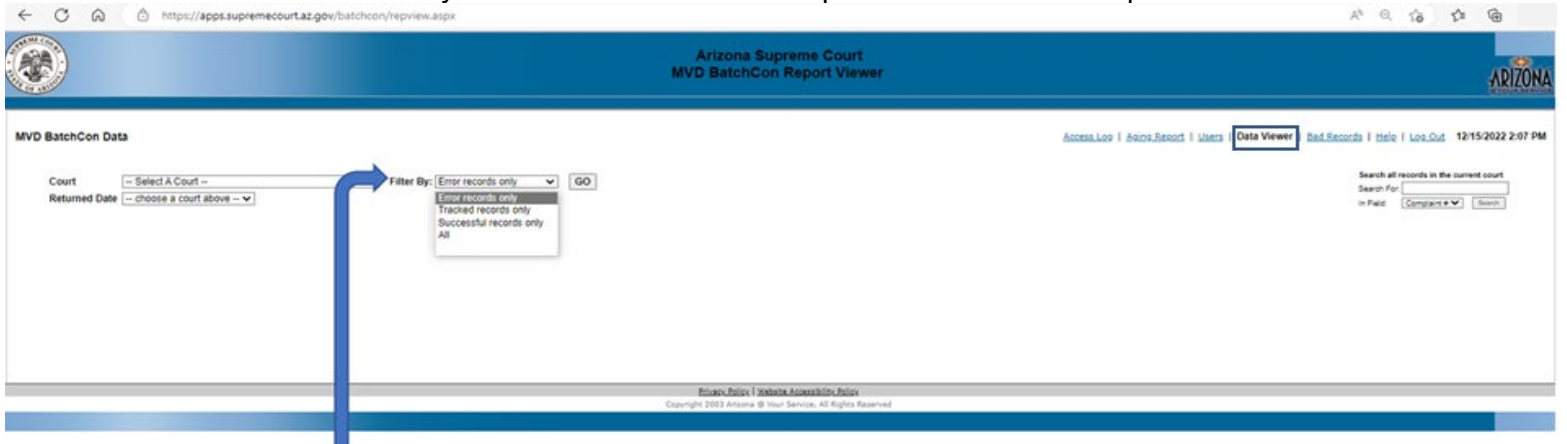

When does MVD pick up nightly batch con files from AOC? 8:00 PM pickup, 11:00 PM processing

When does MVD generate corrective action notices? Corrective action notices are generated nightly.

# What Do I Do With Errors?

Once you've located the error there are several options available for reporting the corrected information to MVD. Determine which options are best for your court.

## Electronic Reporting Courts:

- Make corrections on your (the courts) computer files and re-transmit conviction information to MVD electronically.  
-Or-
- Complete an MVD Court Abstract making sure to supply all the required data including the corrections. Mail the abstract to the MVD Records Unit.  
**Note:** Judge or Court clerk signature and date required.  
-Or-
- Make a copy of the traffic complaint form and mail it to the MVD Records Unit. Ensure that all the required information is supplied including corrections.

For questions or assistance with working the reject report **only** you can call the Records Unit at 602.712.7926. Any other questions should be referred to Technical Support at 602.712.4900.

### Errors

Violation Code: 047 - CANNOT MODIFY EXISTING VIOL CODE  
 Disposition Code: 023 - ILLEGAL DISPOSITION OVERLAY

### Amending Charges Manually or Electronically

If you have initially reported a charge to MVD with a specific violation code and circumstances arise where the violation code needs to be changed for that charge, you need to go through the following steps to amend the original charge.

First, you would report a disposition code 67 for the original charge to MVD **using the same complaint number and count** as when the original charge was first reported. Second, you would report to MVD the new violation code with a sequence number 2. This allows the MVD system to recognize that this is a new violation code for the same complaint number and count. Also, if the update to the original charge rejects as an error, the new violation code with sequence number 2 will also reject as an error.

**It is very important that the same complaint number and count are used when amending a charge.**

## Example: Errors—30-Disposition Cannot Overlay Itself

Generally--This error is created because MVD already has the information that is being sent in. MVD could have the same information for several reasons. The disposition information could have been updated when the court called MVD Tech Support unit, the defendant could have brought their court abstract into an MVD office right after leaving the court and the customer service representative entered

the information at that time, or the same MVD file could have been sent twice to MVD.

The important thing to do is to review the information that MVD reports is existing on its records. If this matches up with how the court wants the record to look, then ignore the error. If the information does not match how the court wants the record to look, then it would need to be corrected.

Anytime first violation code rejects because not on AVCT – need new violation code electronically as sequence 1 or if can't then manual with sequence 1. MVD enters what is on an abstract.

This is where the Acceptable Violation Code Table (AVCT) comes in. It can be found in the MVD and Courts Manual. The AVCT is updated each year with new legislative changes. Violation codes are either created or expired and are assigned respective dates according to legislative changes. If the violation code was expired or did not exist on the violation date reported, the MVD system will create this error and not update the record with the violation information.

## Section 14

# MANDATORY INSURANCE

# MANDATORY VEHICLE INSURANCE FINANCIAL RESPONSIBILITY

(LAWS 2009, CHAPTER 165)

- This bill transfers the responsibility for suspending the driver license for a violation of ARS 28-4135(A), (B), (C) from the court to the Motor Vehicle Division (MVD).
- MVD will suspend administratively when receiving notice of the conviction, unless the court waives the suspension.
- Statute allows court to:
  - Waive the monetary penalty
  - Waive only the driver license suspension
  - Waive only the registration suspension
  - Waive both drivers license and registration suspension
  - Impose a lower monetary penalty
  - Any combination of the above
- Changes to language 28-4137, The court may reduce or waive the penalty imposed for a violation of 28-4135 if person subject to the penalty presents to the court proof of both the following:
  - Not found responsible for violation within past 24 months or more than one violation within 36 months
  - Has purchased 6 month policy of insurance
- If the judicial officer intends to waive the entire MVD suspension (DL and Registration)
- Changes in the MVD reporting script will transmit a **W** – Waive driver license and vehicle registration suspension for violations of 28-4135

# Manual Reporting Of 28-4135 A, B or C

The following processes and steps are for the manual reporting for violations of ARS 28-4135 A, B or C and when the court is directing MVD to take the Driver License suspension, Vehicle registration and/or plate suspension. (See Examples 1 - 5)

When a person fails to appear for a violation of 28-4135, and when the court reports a conviction to MVD, MVD will take a 3-month suspension of the driver license and vehicle registration and/or plates.

If the disposition is changed from the 58 to a 10, 11, 12, 20, 21 or 22 the Fail to Appear suspension is court satisfied and the person needs to still reinstate with MVD, however the Mandatory Insurance suspension will continue for the whole 3-months (This affects violation dates prior to 01/01/2019).

## **No proof of Insurance suspension pursuant to § 28-4135**

**1<sup>st</sup> offense of a 28-4135** – 90 day suspension and a three (3) year SR 22 requirement

**2<sup>nd</sup> offense of a 28-4135** – 6 months suspension and a three (3) year SR 22 requirement

**3<sup>rd</sup> or more of a 28-4135** – 1 year suspension and a three (3) year SR 22

**Note:** The Mandatory Insurance Suspension Clearance is given to a person when the court requires proof that a MI suspension was voided. This form is only given to the person when the MI suspension is voided.

# Judgments

Before a judgment can be submitted to the Motor Vehicle Division, Mandatory Insurance Unit, the following must occur:

- A certified copy of the judgment. (obtained from the court) and
- A law enforcement agency accident report OR an accident date.

Optional

- A certification from the rendering court that the judgment remains unsatisfied after the 60 days allowed from the date the judgment was rendered. (obtained from the court)
- Any other documents or information on the defendant to assist in locating the correct record.

## **60-Day Notice (28-4071)**

Once the judgment has become final and rendered by the court, the plaintiff or the attorney for the plaintiff must wait 60 days for a Satisfaction of Judgment before submitting to the Motor Vehicle Division for processing. If Satisfaction of Judgment is not made within the 60 days, the plaintiff or the attorney for the plaintiff may then return to the court to obtain a certification that the judgment has not been satisfied.

The Judgment Certification Form needs to be filled out by court staff. After a search of the court records, court staff indicates on the form if a Satisfaction of Judgment has not been filed and at least 60 days have expired from the date the court rendered the original judgment. The clerk must check the box **other** and make the comment **“60 days have expired and no Satisfaction of Judgment has been filed between the parties named above”** and certify the document.

## **Satisfaction of Judgment (28-4074)**

If a Satisfaction of Judgment was filed, court staff will complete the Form and check the box **“Satisfaction of Judgment has been filed between the parties named above”** and certify the document.

## **Non-Renewal of Judgment**

The original judgment is effective for 10 years and may be renewed. After 10 years, the defendant or the attorney for the defendant can go to the court, where the original judgment was filed, and request a search of the court records to determine if a Judgment Renewal was filed. If a Renewal was not filed, court staff will complete the form and check the box **“Renewal of Judgment has not been filed (10 year limit has expired)”** and certify the document. If a search is made with the case number in question and the search is unable to find any history or shows that records have been destroyed, court staff will complete the form and check the box **“Judgment is 10 years or older; documents have been destroyed”** and certify the document.
