The Online Citation Payment program (OLCP) is a statewide program that allows the public to pay fines and penalties online. At the time the OLCP program was established, only cases filed into limited jurisdiction courts were eligible for inclusion in the program.

The OLCP program has been expanded to include cases filed into general jurisdiction courts. Eligible cases from general jurisdiction courts may be commenced by methods other than the filing of a citation. Therefore, it is necessary to amend the program name. For this same reason, the name of the Online Citation Payment Service Fee, established by Administrative Order No. 2016-111, must also be amended.

Therefore, pursuant to Article VI, Section 3, of the Arizona Constitution,

IT IS ORDERED renaming the Online Citation Payment program to the Online Case Payment program.

IT IS FURTHER ORDERED renaming the Online Citation Payment Service Fee to the Online Case Payment Service Fee.

Dated this 15th day of June, 2022.
