

Compare File – Sample Structure

The court usually put the UNL file in the pipe delimited format once a week (esp., Sunday) to run a compare against the CMS and the DW, to make sure the FARE Data are in sync.

Courts put their files in the court8 (FTP) server, in the home directory under their court folder. For MESA the directory is the '/home/mc0765' folder.

Please use the files Names below:

mesa_chrg_compare_DDMMYY.unl

mesa_case_compare_DDMMYY.unl

mesa_case_cmpr

```
(
