PROJECT SCOPE

This is a project to implement electronic filing of case initiating filings between the AOC and Maricopa County Clerk of Superior Court. Since the AOC changed electronic filing vendors, it was agreed that the project would be accomplished in three phases:

- Phase I - AOC Integration with COC eFiling
- Phase II - Integration with ECF 4.x
- Phase III - Case Initiation

PROJECT OVERVIEW

ITEM	DESCRIPTION
Current Phase	Phase I - Execution
Key upcoming tasks	Successfully send and receive subsequent filings. Currently we are working toward sending a successful response message back upon accept/reject in Clerk Review. Once complete, we can commence with formal test scenarios and acceptance.
Dependencies on and Connecting Points with Other Projects	Juvenile eFiling eFiling hardware systems upgrade CTS/iCIS integration
Impediments	Resources Competing priorities
Completion Criteria	Phase I – Successfully submit, accept, reject and complete backend workflows for filing types for all agreed upon case types using existing ECF 3.x specification. Phase II – Successfully submit, accept, reject and complete backend workflows for filing types for all agreed upon case types using existing ECF 4.x AOC specification. Phase III – Successful electronic filing and initiation of cases for civil case types.
