

## Resource Guide

### Sexually Abusive Behavior Inpatient Facility: Locked/Unlocked

Service Description: Inpatient Facilities, licensed for the highest level of care. Psychiatric, psychological, and behavioral interventions provided to address sexually abusive behaviors and significant mental health symptoms which interfere with the juvenile's functioning, rendering them unable to manage themselves in a less restrictive setting. Twenty-four hour on-site medical services are a requirement. In accordance with A.R.S. 8-350.01, only juveniles adjudicated for sexually abusive behaviors qualify for this service.
