Public Comment:

Mr. Hugh Jones, Right Turn Traffic School noted that schools will need to know if their curriculum is substantially different as soon as possible. He also asked how a school owner would know if his curriculum is different than other schools, as they don't know what the other curriculum is.

Mr. Paul Hallums, EZ AZ Traffic School expressed concern with the subjectivity involved, i.e., writing styles, as well as the time needed to manage this on both sides.

Mr. Claude Ah Sing, Traffic School Management Services noted that the cost for multiple schools in video format is expensive. He stated the need to understand what substantially different means and asked that the same rules and processes apply across the industry. Mr. Ah Sing expressed concern with the challenges these changes will present to school owners.

MOTION: To approve ACJA § 7-205: Defensive Driving, as presented.

The motion was seconded and passed. AJC 2018-07.
