

# COURTS IN GILA COUNTY INFORMATION TECHNOLOGY STRATEGIC PLAN 2015-2017 SUMMARY

## LOCAL INITIATIVES, DRIVERS, AND PRESSURES

- Create and implement full language access plan per AO 2011-96.
- Improve early resolution rates and shorten case processing times for Family Law.
- Improve court statistical reporting, CourTools usage, file tracking, and financial tracking.
- Improve court physical security at all facilities as well as risk management and emergency response planning.
- Continue to enhance court website to include more helpful information and forms for public.
- Implement new case management system in limited jurisdiction court environment; provide tools to enhance productivity and case processing for LJ courts.

## CY 2012/13 ACCOMPLISHMENTS

- Improved physical and data security at superior court.
- Relocated Globe Municipal Court to city facility.
- Migrated court website to Gila County's web hosting service.
- Upgraded closed circuit monitoring of courtrooms and installed additional security cameras.
- Began preparations for refresh of ACAP PCs (including non-ACAP machines) and application upgrades.
- Implemented JDAI for Juvenile Probation Department.

## Statewide Projects: Impacts, Concerns, and Participation Plans

<b>LJ CMS</b>	Understand the value in integration and leveraging of resources; concern for training of court personnel and continuity with local applications; will be mid- to late adopters.
<b>JOLTSaz</b>	Desire for SWID link in AJACS and JOLTSaz integration; will be a mid-cycle adopter.
<b>LJ EDMS</b>	Anxious to decrease costs to meet budget constraints, but no funds exist to pay for disconnected scanning subscriptions; will be mid to late adopters.
<b>e-Filing/Std Forms</b>	Very aware of the benefits of standardization; anxious to improve customer service and accept payments online; will be mid-cycle adopter.
<b>Bench Automation</b>	Recognize need for judicial tools to address court digitization; will be mid to late adopters.
<b>Architecture/Security</b>	Limited local development; continuing long-term plan to address items in retirement status; upgrading local PCs in conjunction with ACAP refresh.

Note 1:

An “X” in “Full” indicates that the court has provided full detailed information about the project according to the general parameters outlined in the Commission on Technology’s Project Management Methodology. Also, risk analysis, impact, project costs and funding information has been provided.

Note 2:

An “X” in “Skeletal” indicates that the court provided detail about the local project in the master projects listing spreadsheet. Complete information, usually risks, impact analysis, project costs and funding, was not provided.

Note 3:

An “X” in “Mention” indicates that the court mentioned this project in a summary or listed it in an initiative. It may have been a phrase or a full paragraph of description, but did not contain detailed project-oriented information. If these projects are related to pursuing standards or directions already adopted (e.g., OnBase EDMS implementation, Jury+ upgrade, digital audio in the courtroom), then any mention which includes appropriate funding information is sufficient.
