The judge was very bias, it was as if he knew the plaintiff. He did not let me get my side of the story in. He did not accept or look at my evidence. He did not consider my evidence he did not let me to enter my evidence. He kept cutting me off very rudely. It was like he was trying to hurdtle my case through very quickly, like he did to all the cases before mine. He was also very rude to all those prior to my case. He did not consider that my landlord is a slumlord, and was in violation of several landlord-tenant laws. He did not consider my pictures that I took of appliances, that Southwest Gas would not turn on, because they were deemed "Hazardous, and could cause a major explosion. He did not consider the fact that Southwest Gas had said that for 4 days me and my child were breathing "Hazardous" gas. Landlord-Tenant law states a landlord shall keep his properties see: 33-1324 (A) Landlord-Tenant Act. He permitted the landlord to lie under Oath, even after I brought it to his attention. He was very impartial and one-sided, and unfair. He did not apply the law, as it is written, and he did not administer justice, what he did do was permit "corruption".
