**ORDER**

A review of the complaint filed in this matter reveals that the issues raised are solely legal or appellate in nature. There is insufficient evidence to show that the judge ignored the law and the complainant's rights in a hearing on a protective order. The commission is not a court and cannot change the judge's decision in this case. The complaint is dismissed pursuant to Rule 16(a).

Dated: March 21, 2006.

1. Temporary orders to the resulting <sup>degree</sup> order is way off base. I submitted so much evidence against my ex husband. 300 to 400 pages and did not prove what my son David about me in Conciliation Services to be a lie which was the only thing negative against me was the Degree Order a fake to hedge amount of time away from me. The result of this is my job is being used and abused by his father to get at me.

The Judge has ignored Domestic Violence Laws, Privacy Laws, The Right to defend laws and the list goes on. I put handing down the the Emergency Petition and Order of Protection on my son because from someone who has 4 counts of Violating a restraining order of Protection against me with no evidence to back up his claims. He took my son from me yesterday ~~and~~ all my parental right to even see or speak to my son and my ex husband near words threatened my to go to TASK and pay for it when my ex husband has cause me to go into Chapter 13 Bankruptcy and I was not awarded any case fees for my son and the child support calculations of which are wrong.
