A review of the complaint filed in this matter reveals that the issues raised are solely legal or appellate in nature and do not involve allegations of ethical misconduct.

It is clear on the face of the complaint that the complainant is seeking to overturn the judge's ruling. Because the commission is not an appellate court and cannot change a judge's decisions, the complaint is dismissed pursuant to Rule 16(a).

COMPLAINT AGAINST A JUDGE

Your name: [redacted] Judge's name: [redacted] Date: 03/06/06

Instructions: Describe in your own words what the judge did that you believe constitutes misconduct. Please provide all of the important names, dates, times and places related to your complaint. You can use this form or plain paper of the same size to explain your complaint, and you may attach additional pages. Do not write on the back of any page. You may attach copies of any documents you believe will help us understand your complaint.

Judge [redacted] has falsely ruled, and he has based his decisions on "incorrect" information such as my missed appearance in his court room on [redacted] in which he states his ruling on my behalf of being absent in which was beyond my control since I was at the time in dead incarcerated at "MC 50"

See the truth and facts for me not appearing are indeed as follows: I was chained & chained hands when an inmate attacked me from behind w/ her handcuffs she had gotten loosened from and she decided to bash me in my skull causing serious injury to my head & neck trauma from blunt force. I was taken back to [redacted] medical for head & trauma medical care this is all documented & dated to show cause & proof of why I was unable to appear in court that date.

In which this judge's minute entries that I [redacted] had refused to participate, and refused to come out of my jail cell as he states in this document and proceeds to conduct his ruling against me and makes false claims about my whereabouts and his rulings are unjust and not based on factual evidence, nor supported by any burden of proof by this court or the plaintiff. There are many other similar offenses that have occurred here as follows:

Continued Complaint against a Judge

my name:

Judge's name:

[redacted]

↳ It also states several times that I have refused to cooperate with my own attorney [redacted] when in fact the plaintiff [redacted] made a clear statement in open court presiding judge [redacted] and or / acting judge [redacted] in regards to a "Conflict of interest" was a matter and that [redacted] the plaintiff in fact did / then didn't raise the fact that he had previously obtained [redacted] legal law firm in advice & possible representation in divorce proceedings

So in fact I dismissed [redacted] legal law firm from any further representation on my behalf in which I served him the official documents by mail & filed these documents here in this court as well accompanied with a well needed legal request for a timely continuance in order to obtain another attorney legal law firm in which [redacted] was informed by phone & in writing that his & his firm was no longer needed to be representing [redacted]

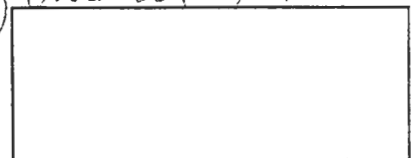

Judge [redacted] minute entries that I have refused to show up to court & allow my counsel [redacted] firm & that I once again refuse to cooperate w/ counsel & with this court, in fact I haven't refused any such thing, but I do not wish to be misrepresented

Judge [] has not conducted himself in any way, shape, or manner, to be ruling as a fair, & by-partisan member of the judicial system when he has time, & time again allowed these false & untrue accusations to sway in serious decision making & life altering judgements that have quite an effect on this family's well being & I am appalled, & I have only mentioned a few things that are not even brought to head yet I do expect an investigation be taken seriously into these few examples of Judge [] judicial miss conducts.

I also ask for a review investigation in regard to burden of evidence & proof that Judge [] has judged & based his opinions in ruling on this case and violated my civil rights on several issues here I am obtaining a new legal law Atty, & will be looking into further investigation of my rights & citizen as a member of the United States of America & legal represents to protect my rights, and my right to a fair hearing with a judge that has heard both sides of the story and then takes into his heart & head consideration based on factual, & proof of evidence and the burden of proof & evidence when making a call & ruling thank you!

Sincerely
[]
