Complainant: No. 1269310331A

Judge: No. 1269310331B

**ORDER**

A review of the complaint filed in this matter reveals that there was no misconduct on the part of the judge. The complainant claims that the judge continues to discriminate against her because of false statements made about her by the doctors and attorneys involved in her case. One of the roles of the judge is to hear and evaluate the testimony of witnesses, and the commission cannot second guess the judge's decisions.

The complaint is dismissed pursuant to Rule 16(a).

Dated: May 9, 2006.

This complaint again is against Judge [REDACTED]

[REDACTED]

Bias and prejudice exists along with discrimination  
defamation of character and slander mistrial as  
well. I reports were filed constantly harassed  
by this Judge regarding Mental Wellness  
US mental illness. I will repeat for the  
last time there is no mental illness. I requested  
a jury trial and do not wish to be harassed  
by the Public defender office. These matters  
need to be addressed a suit will be filed  
and a mistrial should be expected on the  
Criminal cases due to [REDACTED] false  
report and [REDACTED] false statement  
How many times do I need to make this  
perfectly clear. Requested withdraw of  
[REDACTED] and his illogical thoughts  
delusions and harassment. His constant  
harassment of my well being and intellect  
will no longer be tolerated along with  
his slander. I would appreciate an investigation  
Sincerely
