On [redacted] my custody and divorce case was heard by Mary Brooksby. Very recently I have learned that she is a lawyer. Her background is in medical malpractice, not family law. Every guideline, law and statute I have researched concerning family law in Arizona was ignored. We were sworn under oath approximately ten minutes after her line of questioning started. She wanted to speak with my then ten year old child, that should have done in Judges chambers. She spoke to my child in open court. My son stated he was afraid of his father. That was dismissed. He told her his father is mean, ignored. His father stated in court that our son [redacted] was overweight. [redacted] ignored the comment and the fact that she was looking at a healthy child not a fat one. [redacted] allowed falsified statements that the defendant submitted ONE day prior to the hearing. Had she followed up on anything the defendant claimed she would have found a chronic liar. The defendant wrote the statements himself and had people sign them. [redacted] ignored that the defendant admitted to ignoring an order of the court to attend and complete a Parent Information Program that is REQUIRED by anyone with a minor child in family court. The defendant was asked if he had made plans to attend the class, he said no. He was permitted to commit perjury at every court appearance and now my son is paying the price. Look at my divorce decree online, case [redacted] and you will see what I am reporting this lawyer for. My son is in hell, because this woman did not have knowledge of family court, nor was she trained to see signs of distress in a child. My son and I deserve justice. We deserve to be heard before the judge I was assigned and NEVER saw at any time. Judge [redacted] I paid an attorney in [redacted] to hear that had I actually been heard by Judge [redacted] my son and I would never have had to go through this horrible ordeal. Because of her, my son has called me scared, hungry, saying he is going to run away, that he can't talk because his father is listening, that he isn't allowed to keep money that is his because they want a quad. My son went to a summer camp for one week and spent two days severely dehydrated. I was never notified, I've had to contact the police to check on my son because his father will not allow contact. I raised my son, I'm the one who cared for him since day 1 in EVERY capacity. [redacted] should not be deciding any childs future. I am heartbroken for my child. I will not rest until my son is home and safe again. Until justice is served.

Thank you for your time and attention to this matter.
