PLEASE READ THE AZ JUDICIAL COMMISSION I shouldn't even have to wait my time on this. This and these blatant errors of Malpractice and Malfeasance are in fact 1st Year Law School studies at any law school in this country. What do you get and how do these Judges place on these matters? Quick synopsis of this, as you know from the past I spent 16 months in your too, Arizona state jail, I was totally innocent of all charges. While in jail I received a rule violation of "Spreading profane words" and I was released on the basis of an "intentional" officer and no formal charges were filed. And I was released on [Redacted] well couple months later I got harassed by an ASD campus cop for "Jawalking" and he says I was a warrant out. Yes they filed a charge 5 months later almost to the day I'll have to sit wickedly and unjustly for 18 months after already doing 16 months for nothing at all. You can't tell me that they can prosecute me for a rule violation that I've already earned disciplinary action on before 30 days in for Karsul and out full restriction during my 16 month stay. I continue that this is simply "Duh" "Vocally" and I cannot resist to judge and rebuked for the same offense. Simple as that. What is the AZ Judicial Commission. Mr. [Redacted] the Judge I don't think can comprehend this minor of a charge and it's totally inaccurate definition of 4's Statute in the AZ Law book's. It's not and shouldn't be classified as a Class 6 felony. Simple because there's NO "Intent" to render any harm in it's deprivation of the act. Simple as that. It's in fact a much lesser crime than "Misdemeanor Simple Assault" so it cannot in fact and should be classified as a Class 6 felony (minor). I've proved my point and case, simply to you. Now would you please file the proper action and have Judge [Redacted] excuse himself from basking over my case, and ask that he step down because he is really embarrassing me, by his total lack of knowledge and administering the proper law in this situation and case. It's totally ridiculous, absurd. And if you need any verification to imply your duties and exercise your duty and responsibility to US U.S. Citizens that the (Constitutional) protect them just refer to page 8 sheet D-Form #1 or 2 and those paragraphs will allow you Judges of the Judicial Commission to intervene and correct and instruct this Judge in question as to the proper administration of the Law.

(Attach additional sheets as needed)

Serious you all should think about hiring me to monitor your judges in the courtrooms.
