Complainant: No. 1283910330A

Judge: No. 1283910330B

ORDER

The commission reviewed the complaint filed in this matter and found no ethical misconduct on the part of the judge. The issue raised is legal or appellate in nature, and the more appropriate remedy would have been to appeal the judge's decision to a court with proper jurisdiction.

The commission is not an appellate court and cannot change a judge's decisions; therefore, the complaint is dismissed pursuant to Rules 16(a) and 23(a).

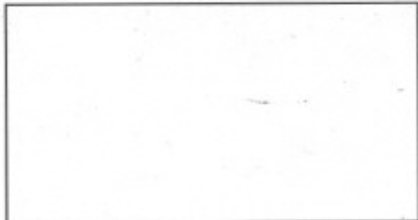

Dated: July 18, 2007.

FOR THE COMMISSION

Re: Complaint against [redacted] in relation to [redacted] Case No. [redacted]

Dear Madam or Sir,

I would like to file a complaint against Judge [redacted] in relation to the [redacted] matter, Case No. [redacted] and to appeal this decision. I now learn that this case went before the judge again and this was once more done in my absence. What kind of charade do you people run in Arizona? How many times can you do this to a person? You did the same thing to me in Superior Court with [redacted] you did the same thing in the lower courts with [redacted] how can I even expect to be heard in court if I have no place to live, am already dead, or you fail to notify me of any of the court dates???? I was already told that the matter was dismissed with prejudice, as far as I know there is no recourse for appeal then, I was never notified of any trial dates or court dates, and if I was successfully murdered on the job, I would in fact have no recourse for appeal now would I? Now I learn that despite what I was already told, that being the matter was resolved and finalized, now we went back to court again, without me being invited, and I hate to point out that I am no longer a resident of your fine state, thanks to you, and your complete lack of timely, professional, just, and equitable dispatch of justice, I essentially left there in fear for my life, again. Now you tell me that you want me to pay another set of murdering thugs another [redacted] This is the same amount that the Goddamn state [redacted] made me pay the woman who attempted to murder me, that being my wife. What, are you guys on the same page here or what? You have got to be fucking kidding me, how many times can you stop by and piss all over my half-dead corpse as you pretend to promote justice in our society, give me a fucking break.
