**ORDER**

The commission reviewed the complaint filed in this matter and found no evidence of ethical misconduct on the part of the judge. The issues raised are essentially legal or appellate in nature, and the appropriate remedy would have been to appeal the judge's decision to a court with proper jurisdiction.

The commission is not an appellate court and cannot change a judge's decisions; therefore, the complaint is dismissed pursuant to Rules 16(a) and 23(a).

Dated: July 3, 2007.

To whom it may concern...

My Name is [redacted] I am [redacted] years of age. I work 40 hours a week as a [redacted] I also have a disabled son, He has a closed head injury, and partially paralyzed on his right side, He lives

with me and has for 16 years.

I have had a legitimate complaint against Judge [redacted] She is the farthest thing from being fair and impartial, for which she has proven over and over for almost 2 years.

I was going through a divorce, because this was the only way he could make me sell my home I was most unfortunate to get this power hungry woman for a judge

Everything that [redacted] wanted she gave him.

Judge [redacted] denied every request every motion I made, She ordered me to sell my home after 17 years. He never made one payment. [redacted] told Judge [redacted] that he never helped pay for my home. But that did not matter to her. I pleaded with her to let me do a reverse mortgage. But that did not happen

The house closed on [redacted] I tired to explain to Judge [redacted] the realtor. I could not move with out money. I had to wait until the [redacted] It took [redacted] every cent I had. That put me behind on all my bills and I haven't gotten on my feet yet.

Well here I am without a home and no money.

Judge [redacted] sent me a letter. Judge [redacted] sent me a letter telling Escrow to release [redacted] Money to him , that was [redacted] but no money for me. I don't think it was fair or right for Judge [redacted] to do this. Both of our names was on the Title. It should have stayed in Escrow until both of us could have gotten the funds.

Judge [redacted] is so prejudice against me or maybe all women or just [redacted] women.

I never signed my name to one paper selling my home. [redacted] gave the realtor permission to sign my name. I had no say in anything . It was like I didn't exist.

Judge [redacted] failed miserably and of your judicial codes. If this is justice Count me out.

I can't afford it. [redacted] has ruined me on the system, plus my life. I am to old to start over and I can't afford this high rent. It takes every penny I earn as [redacted] I had to retain an Attorney to help get my money from my home.

Judge [redacted] should have to pay the Attorney Fee, Because if she would release the money , I wouldn't have had to hire some one to get it for me.

I don't think Judge [redacted] needs to be in Family Court. It doesn't appear she is to concerned about families, especially those that ~~don't~~ have Children with Disabilities or those that are in their [redacted] I don't think the Judge knows the meaning of responsibilities of Family Court Stands for.
