COMPLAINT AGAINST A JUDGE

Your Name [Redacted]

Judge's Name [Redacted]

Date: 7-20-07

Instructions: Describe in your own words what the judge did that you believe constitutes misconduct. Please provide all of the important names, dates, times, and places related to your complaint. You can use this form or plain paper of the same size to explain your complaint, and you may attach additional pages. Do not write on the back of any page. You may attach copies of any documents you believe will help us understand your complaint.

I'm involved in a case where I'm clearly innocent, even the police report is obvious of the fact. Even the Commissioner overseeing the case advised the State to offer me a better plea, even though the State decided afterwards not to extend any offers. I've been represented by a [Redacted] and now a [Redacted] I fired [Redacted] because he blatantly lied to me in court three times, I made Judge [Redacted] aware and she replaced him with [Redacted] However, [Redacted] will not abide by his rules of Professional Conduct. He made countless reasonable requests for the court file in my case to make intelligent decisions. But I finally had to complain to Judge [Redacted] to get him to respond. But [Redacted] delivered a piece-meal package that was unorganized and missing pages. Because of the fact that I've filed a criminally fraudulent report on [Redacted] with the Arizona State Bar, I've had to deal with [Redacted] lies, insults, provocations, belittlements, and his bias vindictive attitude towards me. And I informed honorable Judge [Redacted] of his inappropriate conduct. I even showed her a letter of response from the Arizona State Bar that stated that [Redacted] would be investigated and that they'd appreciate any additional information from me. I even told Judge [Redacted] that [Redacted] even attempt to knowingly lie to me in regards to the validity of the address that I provided him before I mailed my complaint to the Bar. After all that Judge [Redacted] forced me to remain a client to [Redacted] despite the obvious conflict of interest. And now, since then, [Redacted] who is still my lawyer, visited on the [Redacted] And prior to my arriving to the visitation room, he strategically prepared a

... recording device, and purposely positioned it to compromise our seating arrangements. Due to the raggedy condition of his bag [redacted] was unaware that when I sat down, I could clearly see into the partially opened bag. He was evidently recording me, and without my consent and secretly, as far as I know because I had to refrain myself from giving him more than a piece of my mind. He even stated to me that he intended to do everything possible to insure that I go to prison. He clearly is an open enemy to me. And his aggressive unprofessionalism stems from his knowledge of the fact that I intend to file suit against him. Honorable Judge [redacted] purposely ignored my letter of Responce from the State Bar in Court, and I believe it's because they're both indifferent to the fact that I'm poor and black. Never mind the obvious evidence of innocence. I feel they're doing all this because no one has sense enough to complain about these kinds of acts of professional misconduct.

please.

I'm being forced to go to trial on the [redacted]

work for my best interest by a Judge who
is clearly unconcerned about my rights to competent
and honorable representation, being violated.
Please assist me. Thank you.
