Commission on Judicial Conduct

Complaint Against A Judge

Please find enclosed with this Complaint, a Motion filed before _____ Superior Court, _____ Judge by my attorney, _____. Also a copy of his very brief and unexplained dismissal of said Motion. This Motion now has to be submitted on a Special Action, at enormous cost to both myself and the State. His failure to explain his action, much less the denial of argument and counterargument and recording of such legal debate, lends this Superior Court a serious suspicion of lack of diligence and ethical impropriety. Should it be necessary for all motions to be decided by Appellate Courts, only poor working class citizens would be imprisoned, for lack of necessary funding. Or Public Defenders would have to assume much greater responsibility and diligence for Justice to be realized. As you will witness, this Motion is lengthy and complete in every area and as a matter of Judicial propriety, demands Legal respect for the Rule of Law. The politics involved in this matter, tatters this Judges robes and reflects on the Judicial honor of Arizona. This same Judge dismissed Grand Jury Indictments against _____ indicted for aggravated assault, upon my person. The Motion to Dismiss was requested by the Prosecutor and summarily granted by this Judge. This judge is incapable of upholding Judicial independence for this County and should be carefully monitored.
