Mr.

JAN 14 2008

My court date arrived, and I went to it. There, I wait at the holding room, to come by, because I was going to explain to him about something, that I wanted him to tell Judge but my attorney never came by to talk to me? So, after wards, I got called to began my court, there was

Then, my court started, Judge started asking, what the he had?

Started telling the Judge that he had file some motions, and explaining the Judge about them, and that he had file them on.

And while the Judge, was talking with My Public defender, went to the Prosecutor stand, and started talking with her. (was my first Public defender, but he walk away on me at Then, the Judge stopped listening my defense, and told and to the Prosecutor, that we were on a different case. Then, the Judge continue, with my defense and told him to continue explaining.

After my defense finished explaining him self, I started telling the Judge, that I had some papers, that I got on that they're saying that "On that what ever they had found in my car, were tested, and that nothing wasn't drugs, and that were tested for, P.C.P., Cocain, haroin, Methadon, ????, and that for every thing the test were Negative.

I told the Judge that they been having all these tests, and that I don't know who had hide the test since the begining, if it's the prosecutor or Detective and that I've been here all this time 7 1/2 months, for something that it wasn't even drugs? I also told the Judge, that now it make sense, that why Judge had giving me the \$1000 dollars Bond. Judge answered me, that it didn't matter, if I didn't have any drugs, and that the thing is, that I'm Charge with possession of dangerous drugs - for sale and for false information.

Then, the Judge began telling the prosecutor, that why my Bond had got raised up to \$100,000,000 dollars. The Prosecutor answered the Judge, that she didn't know, and that he was the one, that he had raised that Bond.

After wards the Judge started asking the prosecutor, other questions, (about if she had filed some papers or any complains).

CJC-08-007

Prosecutor on a couple things she said that she hadn't.

Judge also asked her couple times, that why she hadn't been.

Since I've noticed that the Judge helps the prosecutor on a lot of things, and now in this court, I feel that the Judge will help the prosecuting stand to find me guilty on something.

While the Judge and the prosecutor were talking, my public defender gave me some papers. But I didn't read, or check what they said.

Then, toward the end of the court, I told the Judge, one more time that I didn't want, and that I wanted a different public defender?

The Judge became annoyed at me, telling me that we already had that discussion before.

I told him I know,

Judge respond back exactly, and also said to me, "No" this will be your third strike, either you stay where you are or you prefer to represent yourself.

Judge also said to me, that if I prefer to represent my self, I was going to lose, and end up going to jail for long time.

I respond to the Judge, I want a different attorney?
He answered me, "No" I'm not going to do that.

The Judge, throughout the court, told me couple things that by the end he ment that I'd been a problem.

Then, the Detention Officer, took me back to my Pod.

There I looked at the papers that had give me, and saw that he had file motions against the prosecution stand, and for my defense.

I wrote and send a letter to asking him why he had not come to see me early that day, before my court, to explain to me about those motions files, or the week before.

And also to come to see me, because I have some papers that will help him with my case.

I'm sorry Sr. but I don't trust the Judge, or the court?

I also feel that my defense is a pretender.

My Public defender phone number is

please look at my case? fax

I also send you last week the 2-of January, a file that I made my self.

I also send one to the F.B.I. and to the Mexican counsel, state Bar AZ.
