You may attach copies of any documents you believe will help us understand your complaint.

All Judicial Conduct Commission: Would you people please do your jobs. If these presiding Judges Superior Courts know the law that they have in fact taken a solemn oath to uphold. Then they wouldn't need any review or assistance of a higher Arizona Appellate Supreme Court to hear any Appeals from those lower Courts decisions, correct? That proves they don't know the law. No fine ways about it. And if you Judges on the Commission would hold these Judges all of them accountable as clearly stated in the Judicial Conon. handbook and your jurisdictional scope of Authority. You'd see that you bring Judges yourselves have an Ethical responsibility to the Law & the United States Constitution to uphold that Law. As clearly state on pgs. 7 & 8 Canon #3 (D) Disciplinary Responsibility (1)(2)(3) It states A Judge who has knowledge or who receives reliable information that another Judge has committed a violation of this Code shall take or initiate appropriate action. This also pertains to all of you Judges on the Judicial Conduct Commission. This is clearly why this Commission is formed and their duty is to oversee all of these Superior Court Judges. It's clearly stated in Canon #3 C. Administrative Responsibilities paragraph #1(2)(3)(4) #3 stating A Judge w/ Supervisory responsibilities such as your Commission, for the Judicial Performance of other Judges (that's you people) shall take reasonable measures to assure the prompt disposition of matters before them & proper performance of their other Judicial responsibilities. What don't you Judges @ the Commission understand about your scope of Authority and Leadership you hold in your positions. And read C. (1) No prejudice or biasness & a professional competence in judicial administration. And most importantly should cooperate w/ other Judges & Court officials in the administration (that means your office also) of Court business. There are human lives @ stake here & innocent people in jail like me) unjustly because of a Judges Malpractice & Malfeasance & Misfeasance. Because you Judges and your office & Commission refuse to hold your colleagues accountable and responsible for their Actions. (Attach additional sheets as needed.) of their Non-Action in a Case. Now would please all do your job and quit passing the buck. And turning a blind eye on all cases here?

This is all of you AZ Judges @ Judicial Commission
