CJC - 08 - 240

Dear Sir:

I am writing about a concern and making a complaint that I want investigated. I have worked twenty years for _____ and never have seen such in justice in our system. I am talking about a Judge that thinks we all have money and can go to areas of long distance making it impossible to even deal with getting gas. In this year my daughter owed child support approximately \$2,100 she received a call from a court _____ her X wanted child support for my granddaughter, and took it this court where he lives, where everybody knows everybody in the justice system for these small communities. The father works for the county also is now a _____, so this Judge knows these workers including _____. When Judge _____ called my daughter, she knew _____ because she addressed him by his first name, she let _____ talk and did not let my daughter explain herself in this call there were two witness that heard all this through telephone 3 way. The witness were there because this was their home and they are _____. They could not believe how bias this Judge was. Totally clear she had made the decision, my daughter truly tried to say she had given this man \$1000.00 U.S. Bond and he had not paid child support for 8 years, but wasn't given a chance to speak. Instead insulted and ordered to pay.

This is my concern, when insulted an in area where you can't say much is frustrating and being arrested and taken out of town where you know money is needed, taking it out on of town is a waste of tax payers money, this Judge knowing this, should have let the _____, Courts take over especially knowing the complaining party. Meaning she was bias in this case, I could not find my daughter in the jail system for four days, they had taken her to a town where this judge had complaints on, and she cannot pay this money. They are holding her in _____. How can a person work if she not allowed get out of this jail. This is mother state. My daughter or _____ have no custody of my granddaughter, they both let here visit us all the time and my granddaughter is 15 was not given a choice to speak out because her father said he was speaking for her. Where are my granddaughter feeling in all this.

This is where I insist this Judge was being bias., she had already made the decision of who to protect. This is my complaint look into the background of this Judge, check and look into how many more cases before ours she has decided to help and choosing her small community and ask her why the media wants this story from me.
