You may attach copies of any documents you believe will help us understand your complaint.

This Judge per _____ went out of her way toward 10 acres of Land which was Community Property, the New Home (has mortgage) 10 acres free and clear, and could have been split, own well, also considered my farm proceeds as Community Property - I had this farm free and clear for 18+ yrs. Was rented to pay for taxes, and NO money was ever used out of my pay check or community funds to pay any expenses for my property. The settlement funds from the \$412,000.00 law suit were deposited in the amount of 100,000 into my Compass account and should have been commingled and become community property. The account _____ put it through my bank took the funds from my account and opened an account and excluded me on the paper work. I was placed on as a beneficiary. My state pension to include _____ before I even met _____ is now being given to him in percentage 47%. Plus I worked approx 7 mos before we married. I got a judgment for \$77,121.00 and I have no money, can't work due to a car accident, no award of spousal maintenance, and this property should have been sold to give me my money. My award should

Should have been much larger than it is, however Judge made it easy on herself and awarded the major portion of a 10 year marriage, I can't afford to get the CDs transcribed. If you listen to them or if you can read them online, you will be amazed at this injustice.

If I need to have these CDs transcribed I will try to borrow the money. I was told they cost \$250.00 each. This judge has been told more than once I have no money, so I guess she felt confident she would not be sound out.

Please remove this Judge, also please review my case. I was told if I did an appeal they would send it back to this same Judge and would cost a fortune, and the results would be the same. How can this be?

I have also attached sections which should clarify Rules of Court, and ethics section.

10/06/2008**Summary**

I am requesting the review of the whole divorce proceedings of which I have been left in a devastated financial situation, and cannot defend my self, or afford an attorney, and all of this is due to what is believed to judicial prejudice of the part of _____ the presiding judge in this divorce, and possibly she has some incompetency due to a shaking while on the bench, lack of knowledge of how to use a calculator, and had to be lead by Attorney _____ of the items to be redone on the dissolution. It took many times of repetition to get Judge _____ to finally get the paper work corrected. She took a long time to give her decision, and then had many mistakes that needed to be fixed. There is now an issue that the state retirement has sent a letter concerning my retirement and the possibility that my now ex husband can still get 47% of my retirement should I return to work for the state in any capacity. The paper work once again must be changed. The problems this judge has created by incompetency has cost both of us a lot of money. I want Judge _____ removed immediately from this divorce so it can get totally settled, and I never want to have this judge preside over any case in the future.

I also want to request that when you review this divorce, and see the in justices, and adverse to law omissions and commissions, that you order a new trail, with a change of venue, or send it to an arbitration committee for disposition. This property has been transferred, and I did put duress signed because this judge said I sign or go to jail! Listen to the digital recordings. I need to get the other recordings, but I need to sell off some things as this is how I have been living. I will send copies for your review when I get them as soon as I can.

This judge could have made him give me cash, she knew I have no job, and no health care, and with the promise of the money I can't get legal help either. They say I have money coming, and I won too much. Catch 22. Most people have a time frame to buy out or sell the property. I was given nothing, not even asked if I wanted the property, or if I could find a way to buy it. Prejudiced for

I also wish to make a note that I am the second wife _____ has screwed out of this property, while using the wife's money to improve his position, and then divorce, and repeat with me. I re mortgaged my home, put the money into his home, and this judge refused to give me anything as a buffer. All went to

_____ . He was renting this land when we met, now 10 acres were in both names, a new mobile [expensive] and a well! Ten years of marriage _____ would have equaled 10 years to receive a whopping \$77,141 dollar judgment? Something wrong here. I am asking you to make this right.

Sincerely
