Judge was angry and hostile and asked to reschedule sentencing, arguing and bricking back and fourth with prosecutor and defense attorney about date to be set for next (postponed) sentencing for. Then in the end jokingly about who vacation date is more important between the prosecutor and himself. "Very unethical" The anger began when Judge asked "would he like to make a statement" and Court in the opportunity to finally speak he stated the defendant and prosecuty asked him not to mention the fact of (my niece) his daughter before her death had a history of abuse with CPS by the family (my niece) then began explaining his guilt of negligence why he signed the plea of negligence and what really happened that day. Again he was silenced. The Judge allowed the prosecutor to have a "mini trial" without the jurors, and brought up prior and when felony of the same act... explain it Page 11 and the prosecutr kept calling and making allegations. Explain I didn't hurt my baby this is a negligence sentencing and found out they tricked him he started crying uncontrollable and the judge had his escorted out!
