I do realize that all of you judges are swamped with all kinds of cases. My case in point is Judge [redacted] was biased. My college degree is not in law, but health. My appeal was just. I represented myself. I could not afford court transcripts, so I could rebuttle [redacted] except from memory; which is very good. When things got thick in the courtroom, I am of the opinion to be fair, Judge [redacted] should had ask for a rebuttal and a 'look see' of the videos for himself;

Since he based his ruling on hearsay from ~~the~~ who mixed facts with fiction. But of course ~~the~~ BARE FACE LIAR

Prosecutors for the State, carries more weight than the unrepresented defendant, that is also intergent.

How far does the corruption reach into our judicial system. The security guard manning the camera in said case was a Palmer for 20 yrs not the floor walking Rent-A-Cop. Slip shots or not, it is very clear that the other women opened the white canvas bag with blue straps on my left shoulder and proceeded to place merchandise in it, at which point I slid the whole bag off my shoulder. There is no audio, but I asked the person, what she was doing? "Filling an order" I said "No, you are stealing, I can lose my job over this." I clay reach down in my lavender, left hand scrub top pocket, my keys are gone; So I continue to follow the other women at a distance hoping to get key back by the quick disincment. I fail. Heading out the store I'm three feet behind her praying a miracle. A male voice calls out

CJC-08-250

"Ladies, wait a minute please." I stop, Sir done nothing wrong, besides Sir a lady, maybe something has come loose and Sir in danger. The other women dashes for the door, the Rent-a-Cop and a very tall man in a navy blue suit rush by me, almost ~~knocking~~ knocking me over, Sir in the store. The other women pulls a knife on the Rent-a-Cop; They retrieve the bag and merchandise. I turn around slowly back into the store and start dailing my Mother on the cell for a ride. The two men accost me and asked very calmly; "Madam, can you come with us and talk a bit," Sure I said. Just when asked me to carry her bag in the store. We were suppose to meet a friend of hers there that owed her money. During that day, she had run all the gas out of my Suburban. In trying to help this individual she draws me into one of her scams, steals my vehicle. Finally when I get it back exterior and interior damage over \$7,000- and the contents of my vehicle. Purse, money, all my meds, wrapped birthday gifts for my autistic grandson, my niece, and granddaughters, all my extra clothes, my new shipment of DVD's from Clubster Video Club over \$400-.

As far as I am concerned, I have
 payed the price for a crime I did not
 commit.

I am paying Attorney, "Bad
 Check Program" for entanglements, because of a
 bank even Social Security made in '96' in
 my checking account.

Because they want more than I have I
 spend 2 wks in jail; that is how I got met
 I didn't get
 around with her. I went back to visit someone, on
 the day she was released and I gave her a ride
 home.

I had a diabetic eye exam and
 other occupational business. Every time a
 Sheriff or Police website pulled up she took off
 for hours. I didn't like it, so I would not
 show her where I lived, nor my client.

All Judge had to do when the
 facts were overwhelming conflicting; He should have
 moved for another date and the videos. The perjury
 is the videos I didn't even say
 bothered to research properly.

I am strongly dissatisfied because clearly Judge [redacted] was biased.

On the case prior to mine he was very lenient for a much more harsher crime.

By the way I was also late. I took the highway and [redacted] was closed so I had to go to [redacted] and turn back. I was 10 minutes late. Perhaps that added to his biased decision.

Judge [redacted] didn't have anyway of knowing I had physical therapy at 9AM. So I did not have much time between 11AM, being diabetic, medications and lunch.

So we probably got off on the wrong foot. Still Judge [redacted] is supposed to be impartial. Something he needs to work on if he wishes to continue his career. My first step is writing you. If I don't receive satisfaction, I will follow the chain of command.
