Re: Attached Motion (Copy) – Judge

Dear Judicial Commission,
Consider this a formal complaint against Superior Court Judge

I believe that Judge is committing a fraud in case CV when he
accepts motions personally from defendant-attorney that have not been
served on the plaintiff ().

Somehow, and I am sure with Judge assistance to get this case on his docket,
has rigged the case to serve his purpose along with Judge help.

has filed numerous motions to have himself removed from the case.
When his efforts failed in the justice court he paid to have the case moved to the
Superior Court where Judge has gone so far as to advise/inform
how/what to file in order to have Judge dismiss him from the suit.

I believe that Judge is violating due process and civil rights, which will be
addressed in the Department of Justice in Washington.

If Judge is tipping the scales in favor of his chums from the Arizona State Bar then
he needs to be removed from the bench. I feel compelled to sue Judge in the
United States District Court where, because of his actions, he does not enjoy any
immunity.

If there are any questions or any paperwork that I may supply to the Commission
please let me know by contacting me at the address and/or telephone number
captioned above.

Sincerely,
