**ORDER**

The complainant alleged that a superior court judge made improper rulings and mistreated her because he is biased against women. After reviewing the complaint and the court file, the commission found insufficient evidence of ethical misconduct on the part of the judge to justify further investigation. The commission has no authority to review court rulings. Therefore, the complaint is dismissed pursuant to Rules 16(a) and 23.

Dated: September 24, 2010.

I feel this judge has been getting paid. Not sure how. It also has come to my ATT that he does not like females. This is a case for divorce and a child is in the middle of this whole thing. I feel I have not been given a fair hearing. The father in this case stood up in court and said he was sexually touched by his parents this judge called it heart say. This was said by the person it happened to. Yes he waited a long time before it coming out but it finally did and he was called a liar.

Complaint against a Judge: David B. Gass

I feel this judge is being paid off. We are not sure how they are being paid but it just looks that way the way this judge is handling this case.

David Andrew Giard the father of the child in this case stood up in court and said his parents sexually touched him when he was a kid and the judge called it hear say. How can something when the person it happened to be hear say?? Something totally wrong here if you ask me! This judge has turned down every thing I have asked for. I wanted to change it from one court to another and that got thorn out. I am a mother of an 8yr old son who I do not get to see because of this judge. I do not do any type of drugs, or drink or nothing and yet I don't get to even see my son because this judge does not like me because I am a female. I think there needs a FULL blown Investigate on this judge.

I am inclosing a letter that David Giard wrote to the courts to tell them what happened when he was a kid

Also it has come to my att that this judge does not like females and he will go against them every time. Some I work with has had him as a judge and she seen what he was doing and she got a new judge.

This case has been going on since Dec 2006. The people that have been fighting is the grandparents and they have hurt this little boy and the little boy will not speak up since he has been brainwashed so badly that he does not want to talk because the people he is with will hit him. The cops have told me not to go over there with out an officer there is a problem there at that house and they don't even think the child should be there either. Something needs to be done to get this judge off the bench and get a new judge in there that will give us a FAIR Hearing.
