This detailed on what happened on July 22, 2010 we had in Tucson, AZ. What concerns me is what happened after we had last hearing. Why is a Judge have a conversation outside the courtroom without me or attorneys present. She had conversation with John Hayden doctor that testified. This is a Ethics violation 8.4 misconduct 87-02 Ex parte Communication; Misconduct. even if it was after hearing. You had to see the look on John Hayden's face it wasn't smiling from what _____ said to him I also notified Ad. Law Judge Harriet Turner Chief Law Judge. I have enclosed pictures and testimony. Showing my charges they are ignoring all applicant testimony. John Hayden didn't finish TME On March 23, 2010 because I was in pain and ad disease. If John Hayden told the Industrial Judges that there was snow on the ground and temperature was 105 degrees they would believe him. I am not the only one that is having trouble with Industrial. There was several codes of ethics violations here. This isn't normal actions of a Judge. My medical Reports and pictures shows new injury.
