The purpose and authority of the commission is limited to this mission.

After reviewing the information provided by the complainant, the commission found no evidence of ethical misconduct and concluded that the judges did not violate the Code in this case. COMPLAINT AGAINST A JUDGE

Your name: _____ Judge's name: _____ Date: _____

Instructions: You can use this form or plain paper of the same size to file a complaint. Please describe in your own words what the judge did that you believe constitutes judicial misconduct. Be specific and list all of the names, dates, times and places that will help us understand your concerns. You may attach additional pages but not original court documents. Print or type on one side of the paper only, and keep a copy of the complaint for your files.

I was arrested and appeared before Magistrate _____ I had already explained to the defense attorneys that I was filing a claim against Nova Greer Greg and Gary Kula from the Public Defender's Office at City Hall. Magistrate had the hearing knowingly without representation as these attorneys informed her of the conflict of interest and stepped aside. Magistrate _____ told me she would "take care" of the issue with Nova Greer to ensure I would not be represented by her. I informed Judge _____ of the fact that she has no jurisdiction over me as they are prosecuting a different person than I according to their paperwork on this case and the paperwork from the 2010 case. She should have had recused herself since she tried me in 2010. (A motion was sent to her office explaining I was different than their documents where they proceeded to prosecute me as the other person). She refused to rule on my objections on several court dates. Judge Unknown 1 refused to rule on my objections and falsely claimed I understood disorderly conduct after he was informed that I have not seen any paperwork nor talked with counsel in this case. Judge _____ refused to rule on my objections. Judge _____ issued a bench warrant within minutes after I was late for my court date after his office was informed the day before at 5:00 PM that I was in Mesa looking for the office he ordered me to go to with my 100 pound back walking. He ordered me to attend a 4:00 PM appointment scheduled for Wednesday November 16 2011 knowing that I had to walk to Phoenix to attempt to be present at the 8:00 AM on November 17 2011. I had people in court administration check the file for the contact information of the appointment and it was not there. (Case file). Unknown 2 was the magistrate that declared warrant was good. She did this outside of the court room where I was placed into a private cell for no reason. I asked her on November

18th 2011 what the arrest warrant was arresting me for. She did not know. I explained to her that I was scheduled for an appointment with a doctor in Mesa as ordered by Judge. I told her that I was given ~~wrong~~ directions to this Mesa address by attorney Nora Greer on a message on my phone number. She said she would have to check the paperwork later on since she did not have it with her. I also had explained to her that I was late for court the day before and told her what these two appointments were missed for because I was walking to them and that I had told the judge's office on the phones that I was walking to the meeting on November 16 2011.

This magistrate 'Unknown 2' came back to my cell and told me the warrant was specifically for only one instance of jurisdiction. I asked her which one it was and she told me the lateness of me showing up for court on November 17 2011 in which it was executed by Maricopa County Court Security that morning.

This judge then verbally abused me by saying, "You're quite the trickster - that's a good one!"

She then said, "Nice try."

I then was providing her more evidence why I should be released and she walked away. She refused to explain to me why she was calling me a trickster. She is far off base labeling me falsely as some kind of cheater when all I did was ask the court what instance the arrest warrant was for. She refused to take into account the fact that I was only late for court because of the long time it took to walk from Almes School Road and Southern to downtown Phoenix. From the 16th evening to early morning of the 17th.

This judge refused to allow testimony of my problem with the attorney Nora Greer who violated my rights last year 2010 when I wanted to obtain the security tape from City of Phoenix for that arrest for trespassing in the Library as I was working on my netbook online while sitting quietly at the computer table.

She refused to take into account that I ~~was already~~ already filed a 26 million dollar claim against Nora Greer and the City of Phoenix. She refused to take into account that I had already submitted a 22 million dollar claim on this case also.

On January 3 2012 Judge held a bond forfeiture hearing in this case. He refused to accept the submittance of my motion to continue. He claimed he had no jurisdiction because it was a criminal case from City of Phoenix.

Judge then proceeded to make a ruling to send the money back to the payer of the bond.

He used a different name on it and I refused it for fraud upon discovery. He should have accepted my motion to continue.

Judge had entered into the record to release me upon my own recognizance when there had been no motion submitted to the court for this occurrence.

Nora Greer had her assistant called police stalking me in the court's buildings at 201 West Jefferson and at 101 West Jefferson. They were communicating on their cell phones as they were following me around from office to office and address to address. I told her assistant that I would only go to court after I filed my motions in ~~this~~ this case. (Motion to quash warrant).

Judge bound me over to Rule 11 court after I claimed it was a conspiracy as she was refusing me for the second time the copy of the security tape to prove innocence during probable cause hearing.
