**ORDER**

The complainant alleged that a superior court judge improperly advocated for the opposing party.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

After review, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. The commission approved sending the judge a private advisory letter regarding dealing with pro per litigants. The complaint is dismissed pursuant to Rules 16(b) and 23(a).

Dated: January 14, 2013.

**Instructions:** You can use this form or plain paper of the same size to file a complaint. Please describe in your own words what the judge did that you believe constitutes judicial misconduct. Be specific and list all of the names, dates, times and places that will help us understand your concerns. You may attach additional pages but not original court documents. Print or type on one side of the paper only, and keep a copy of the complaint for your files.

First the judge tried to give respondent 3 extra days for some make up reason, and then when I questioned the judge about court procedure he started to drill me as if he was the respondent attorney trying to make it seem like I never served her, even though it shows already in court records she was served on 5/29/12 - then ~~he tried~~ he neglected the fact that respondent did not show up and tried my case as if the respondent was there to defend herself - He was disrespectful by telling that my math is just running. The judge was very persistent in not trying my case from the beginning after I was sworn in he refused to perform duties and tried to vacate my case until finally he just denied my petition and would not even give me a copy like everybody before me and said he would mail it - I feel like he did this because he has no real reason not to grant my order.
