ORDER

The complainant alleged that a superior court judge (then serving as a commissioner) erred in granting an injunction against harassment against him and in quashing an injunction he had.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

After review, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. RE: The Criminal Judicial Misconduct of Commissioner

RE:

Dear Sirs,

As far as _____ is concerned he is in an unassailable position, and he need not pander to the residents of _____. He is mistaken in his notion that my life is of no importance, and I hold him accountable for judicial misconduct, irresponsibility, and gross cynicism. I want him disbarred.

He failed to fulfill the responsibilities of a bench abused his powers and the public trust, and misused the justice system by acting lawlessly.

On _____ he issued an injunction to _____ that was obtained by committing perjury. The next day, at a hearing on whether to quash my injunction against _____ who had laid siege to my place of employment, he told Mrs. _____ to serve me in court!

Mrs. _____ is not a licensed process server, neither is she an Officer of the Peace. Mr. and Mrs. _____ are criminals who have destroyed my life by dissimulation. Commissioner _____ acted improperly. His conduct was political and not juristical, and typical of ^{his} lawlessness and self-interest.

I warned _____ that my job security was in jeopardy, something _____ fully

grasped when he issued my injunction against the barring
them from my work. I am the sole provider for my four dependents.
We had only one source of income, and I was terrified
about losing my job. The had made unfounded
allegations against me to my employer, and they were
harassing me at work. I was very vulnerable indeed.
Commissioner understood this and went so far as to
suggest a "Civil Suit against the the grounds for a
Civil Suit against the are obvious, except was heedless.

Despite my admonition, and pleading the benighted
quashed my injunction against the , leaving me
defenseless. Ten days later their harassment, and phone-
calls and letters defaming me to my employer, resumed... (reckless abandon-
ment)
I have not worked since thanks to

tasteful decision to quash my injunction.
His action on ed me to believe ^{he} was not in
command of his court-room that day. He allowed into
testimony evidence from that had been discredited
two years prior. Allegations against me that had irrefutably
been proven false, since I was not in the United States of
America on the day of the alleged incident. (I have notified
the U.S. about perjury.)

By allowing to quash my injunction, and issuing a
fraudulent injunction against me it was ~~was~~ inevitable that
I would get fired from my job of eighteen years. Despite my
pleas, placed me in a perilous situation; the
court placed an undue burden upon me. My family are
destitute as a result of criminal action. He has very
poor judgement. He issued an injunction to people who have harassed,
and attacked me for victim.
