ORDER

The complainant alleged a superior court judge has engaged in judicial misconduct by placing her daughter in the home of a criminal.

The purpose and authority of the commission is limited to this mission.

After review, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. The home has been inspected, there fingerprints have been taken and no one, no cps nor judge has any proof that my parents have done anything wrong. my sister and her husband nos have passed background checks. They already have their fingerprint level 1 and there house has been inspected. I am doing everything CPS asked me to do I am learning more. I want to become a provider and get more education. But my priority is to save my daughter Judge was Judge for other crimes and made the decision to take him off probation and favorites and my family is mexican and I wonder if she is racist. The fact remains: my daughter is in danger and this decision must be reversed. is asking for the crib on toys and all of belongings because he cant even pay for anything. I am leaving pictures of the safe ~~enviroment~~ environment for my daughter.
