**ORDER**

The complainant alleged a superior court judge conducted a hearing in a one-sided manner, would not hear her out, and was on the side of the best interests attorney involved in her case.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

After review, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. The commission does not have jurisdiction to review the legal sufficiency of any of the judge's rulings. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

Dated: April 23, 2014.

The judge specifically put my Name in place of my Name to better the other party, to try and state that I neglected my child. The judge rolled his eyes, kept his head down, and did not acknowledge my testimony. There were a lot of false allegations and defimation of character, conflict of interest, the judge, Best interest of Attorney were all on the same side, and did not provide evidence to have my taken from me, I believe his ruling was based on personal issues, because not enough facts were proved or provided. He did not consider my evidence to determine his ruling, It is not fair, please help!
