ORDER

The complainant alleged that a judge misapplied the law.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

After review, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. The commission does not have jurisdiction to review the legal sufficiency of court rulings. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

My name is I was sentenced by to years to life for first degree murder. I was just notified that my sentence of in the state hospital is in error. Due to a case State of Arizona Vs. which overturned her sentence to only years due to the fact on a sentence for only one murder there is no presumptive sentence. This was an oversight at the legislature when drafting the punishment laws for murder. Since there is no presumptive, the Arizona Court errs on the side of lenity and changes the sentence to only years, Mr as a competent judge and lawyer should have known this.

I was sentenced long after state vs. which was decided in My case is a case
