ORDER

The complainant alleged a superior court judge would not consider her evidence and always took the side of her ex-husband.

This pertains to custody of my kids. This Judge will not look at any evidence I have to state my case. Even though I produce numerous documents via emails that he has court ordered for me and my kids father to follow and send I have phone records and other material to admit, and he continuously ignores them. I have evidence and this judge won't even look at it. My kids father comes to court with nothing to support his side and then judge still takes his word for it. I have also found out that this judge is an advocate for father's right's and holds meeting's for father's and their right's. Isn't this a conflict of interest? Look at his percentage of cases, and look at how many times he award's more custodial right's to the father..... This may sound like just a disgruntled parent, but it's deeper than that. I have done everything the way he has ordered it for _____ now and the kids father doesn't feel he needs to follow the judges orders at all, blatantly saying " He doesn't care cause the judge sides with him anyways". And yet I produce numerous document's to support my side and this judge won't accept them as evidence. The kids father shows up with no supporting document's, and I loose more of my right's. After all said and done the Judge admits he doesn't read or have the time to read any emails, he has _____ to make a judgement.. And yet he is a judge, he controls countless lives and the future of countless lives. Makes a judgement or an order, but when it comes time to enforce those orderes he states that it's hearsay and not admit that evidence. What is the purpose of parent's follow certain rules and then not inforce them said rules?
