**ORDER**

The complainant alleged a municipal court judge acted unethically in denying his two motions.

The responsibility of the Commission on Judicial Conduct is to impartially determine if the judge engaged in conduct that violated the provisions of Article 6.1 of the Arizona Constitution or the Code of Judicial Conduct and, if so, to take appropriate disciplinary action. The purpose and authority of the commission is limited to this mission.

After review, the commission found no evidence of ethical misconduct and concluded that the judge did not violate the Code in this case. Also, the commission does not have jurisdiction to review the legal sufficiency of the judge's rulings. Accordingly, the complaint is dismissed in its entirety, pursuant to Rules 16(a) and 23.

Please explain the entire circumstances surrounding your complaint below:

On I received a parking ticket for being illegally parked. I have since gone back and forth with Judge asking the case be dismissed. I have provided numerous pictures and emails to document my case. The bottom line is that the agent and the company with whom the contracts with and who wrote the ticket on have admitted, in writing via email on that the distance information from the street corner for which I am supposedly guilty was incorrect. After I had provided pictures of my parked vehicle to a full month and a half passed and I then received the email dated from stating "the agent recalls making a typographical error in the citation". This information didn't come forward until after I provided proof of the false information to Furthermore, how in the world can this

agent remember this specific information a month and a half later and after writing "hundreds of parking tickets" again admitted by I provide pages of documentation to this Judge and he refuses to look into my request to have it reviewed. I simply get a note from him that "my motion to dismiss is denied". I am accused and apparently guilty of a parking ticket with a fine based upon erroneous and admittedly incorrect information. How can this be? I live in the State and we just bought a home in so it's difficult to make a court appearance at this point. However, I shouldn't need to appear when the accusation contain false facts. I would be happy to send you the pages of emails and pictures of all the vehicles and the way they were parked along with mine. I look forward to hearing from you. Thank you.
